

E. H. HARRIMAN OFFERS \$100,000,000 TO SAN FRANCISCO

SAN FRANCISCO, May 3.—In event the Federal Government refusing to assist financially in the rebuilding of San Francisco, E. H. Harriman, president of the Southern Pacific Company, will raise \$100,000,000 which will be loaned at a low rate of interest to builders and property owners. The offer of Mr. Harriman was made public this morning by Ex-Mayor James D. Phelan, chairman of the Citizens' Finance Committee.

GENERAL HOSPITAL AT PRESIDIO HAS NARROW ESCAPE FROM FIRE

STREET CARMEN PUTTING UP POLES AND CLEARING STREET-CAR TRACKS, SAN FRANCISCO.

CLEARING AWAY THE RUINS NEAR THE UNION FERRY BUILDING, SAN FRANCISCO.

INMATES ARE IN GREAT DANGER

Laundry Which Is Attached to Main Building Is Burned to the Ground.

SAN FRANCISCO, May 3.—A serious fire, which threatened the destruction of the General Hospital at the Presidio, in which were over 700 patients, broke out at 4:15 o'clock this morning in the hospital laundry.

MANY LIVES MENAGED

Engine 2 of the city fire department stationed, for such an emergency, at the post hospital, within one hundred yards of the general hospital, responded immediately.

The laundry building and contents were totally destroyed, but by tremendous efforts the fire was confined to that building and did not reach the hospital buildings, only a few yards away.

That the latter were not destroyed and hundreds of lives endangered is alone due to the fact that there was absolutely no wind.

PATIENTS ARE ALARMED

Seldom was there a calmer morning, and this alone saved the destruction of the entire hospital. The hundreds of patients, with the crackling of the flames which destroyed the city still in their ears and visions of another holocaust again before them, were somewhat alarmed, but the best of order prevailed, and all fears were quickly allayed. The patients in one wing of the hospital did not even know of the fire.

EXCELLENT DISCIPLINE

While all preparations were made to remove the patients should the main structures catch fire, the danger

IS KILLED CARRYING A BOMB

PARIS, May 3, 5 p. m.—A bomb exploded in the forest of Vincennes at 2 o'clock this afternoon, killing a Russian named Strle and dangerously wounding a companion named Boussoff.

The two men were proceeding through the woods, each carrying a bomb with the evident purpose of hiding them for future use. While so doing the bomb which Strle carried exploded, killing him instantly. Boussoff was struck by fragments of the bomb and fearfully lacerated.

The police have not yet been able to establish the identity and connections of the men. The remaining bomb has not yet been examined, owing to the danger of handling it.

GOVERNOR TAKES MONEY TO SAN FRANCISCO

Governor Pardee went to San Francisco this morning in company with Judge Wells and Attorney Snook, both of whom have charge of the financial department of the Governor's earthquake office in the City Hall. The Governor took with him \$40,000 in cash and checks which he had received from various parts of the country for relief purposes. These he handed to James D. Phelan, chairman of the finance committee of the General Relief Committee of San Francisco.

ADMINISTRATOR'S AUCTION SALE

Of elegant furniture, upright piano, carpets, organ, trunks, jewelry, etc., of the late H. Meyer. Sale at 1007 Clay street, near Eleventh, Oakland, Friday, May 4, at 10:30 a. m., comprising in part: 1 fine upright piano, 1 organ, fine collection of antique curios, 2 desks, lace curtains, about 1700 yards of Brussels carpet, iron beds, 6 upright folding beds, massive oak and maple bedroom suites, chiffoniers, bedding, top mattresses, weathered oak and golden oak dining table, chairs and sideboards, and buffet to match; gas ranges, coal stoves, couches and odd parlor pieces; glass, china and silverware, trunks, bicycles, etc. J. A. MUNRO & CO., Auctioneers, Main Office 1005-7-9 Clay street, Oakland. Telephone Oakland 4671.

CAR RUNS AWAY; 2 MEN HURT

BERKELEY, May 3.—By turning into an open switch which was thought to be closed, College avenue Car No. 253, at 2 o'clock this morning, having thrown off its motorman, J. Stoessel, and Conductor O. Butler, ran a wild race of a half mile down Alcatraz avenue and finally jumped clear of the Southern Pacific tracks at Lorin station and was only stopped in its mad-dened course by a huge telegraph pole which it split in two.

DOWN GRADE

The car had left its terminus at Bancroft way and Telegraph avenue at about 2 o'clock and sped on its way down College avenue to go to the barn. There is a considerable grade on this street as it approaches Alcatraz avenue.

Thinking that the switch that turns into that street had been closed, Conductor Butler signalled to the motorman to go by without stopping.

SWITCH LEFT OPEN

But the switch had been left open by the last car of the Alcatraz line, which left for the barn at 1:15. The car struck the curve with such force that both the conductor and motorman were hurled into the gutter. The latter was badly hurt and lay unconscious on the ground, but the former, though bruised, started after the runaway car, and though he managed to clutch the guard at the rear, he could not keep his hold.

STRIKES A POLE

Reaching the end of the line at the foot of Alcatraz avenue at the corner of Adelphi street, instead of turning into the Grove street switch, the momentum was so great that the car left the tracks and continued down the street. It dug its way across Adelphi street, cutting big grooves into the Key Route tracks and with a bound hurled the Southern Pacific line and embedded itself in a huge telegraph pole on Adelphi street.

(Continued on Page 2.)

WAITING IN VAIN FOR FOOD

SAN FRANCISCO, May 3.—Several hundred men, women and children stood in line before the relief station at the corner of Haight and Cole streets this morning awaiting the daily distribution of food supplies. Through some misunderstanding or mistake, no provision had been made for this particular district, which includes, according to the official census, between 5000 and 6000 people. The applicants remained in line for upwards of two hours and were then dispersed by order of Colonel Ogden, who ascertained that it would not be possible to secure a fresh supply of provisions until nearly noon.

Colonel Ogden, who has been in charge of the supplies for the first military district, heretofore patrolled by the National Guard, made the following statement: "I cannot account for the failure to deliver supplies. Yesterday afternoon about 2 o'clock I visited the military headquarters established by Lieutenant Purdie of the regular army and made requisition for the usual number of rations. I was informed by the officer in charge that the requisition would be honored tonight or tomorrow morning. Before my departure there was approved a requisition for 13,000 full rations, to be delivered at sub-station No. 200, corner of Page and Stryker streets. In the meanwhile our supply is exhausted, and the people we have fed daily since the fire are hungry. Chaplain Miel of the station in the neighborhood and secured food about 11 o'clock.

Lieutenant Purdie, who is in charge of the district just created by order of General Greely, made the following statement: "All relief stations were supposed to make requisitions for supplies yesterday and were furnished with orders upon the various stations. This morning I found on my desk the requisition presented by Colonel Ogden and sent it to his headquarters with a note directing him how to proceed. I cannot say why this requisition was not honored yesterday."

FIFTY THOUSAND FOR OUTSIDE TOWNS.

John B. Jackson, treasurer of the Pittsburg California Relief Fund Association, wired Governor Pardee, this morning, that he had placed to this fund's credit in the United States Bank at San Francisco, \$50,000 for relief of injured cities outside of San Francisco. The excess of this fund, any exist, is to be applied to the relief of San Francisco.

HOW INSURANCE IS TO BE PAID

Companies Will Try to Cut Down Many Claims Twenty-Five Per Cent.

NEW YORK, May 3.—The Tribune today says: Representatives of both foreign and American fire insurance companies who were in the city yesterday discussed action to effect a compromise in the adjustment of losses by the San Francisco fire.

The discussion was largely upon the question as to the attitude the adjusters of companies should be instructed to take in regard to the disputed questions.

WANT TO BE JUST

The great companies express a strong purpose to be not only just, but generous in cases of doubt, with the victims of the fire, but they all evidently feel what was expressed by the president of a large American company, who said:

"The adjusters for this company will not be allowed to waive the conditions of its policies, nor the conditions and restrictions of its charter. We have no more right to pay a loss occasioned by earthquake than we have to pay a loss of life. We are not an earthquake insurance company, nor a life insurance company."

DAMAGE BY EARTHQUAKE

Because of exemption from loss by earthquake damage well informed insurance men estimated yesterday that the companies would ultimately pay from 60 to 75 per cent of the aggregate amount of risk.

To Economize

And use little room to the best advantage, the folding bed is everywhere popular. For a good and up-to-date assortment at popular prices we are first.

A GOOD COUCH FOR \$5.50

CHAIRS FOR 65c AND UP

A folding bed similar to this when closed is shown, stands 60 inches high, 48 inches wide and has a mantle 20 inches deep. When opened for a bed you have a full length woven wire spring, reinforced by diamond cables, in every way reliable, practical and ornamental. Three-quarter or full size, \$16.50.

\$30.00 in Gold for any St. Claire range sold by us, no matter how long used.

Complete House Furnishers

Broadway, Next to Postoffice.

We take particular pride in our carpet department, and are positively showing the largest assortment. Our prices are most reasonable.

PARIS STRIKE IS NOW NEARING END

PARIS, May 3.—The general strike shows further evidence of disruption, but a number of trades are still refusing to return to work until their demands are granted. A squadron of dragoons is drawn up in the courtyard of the Prince Eugene barracks on the Place de la Republique, prepared to respond to the call of the police. The latter continue to be massed in considerable force in the neighborhood of the Labor Exchange and occasional arrests are made, but there is no Le Republic order. The storm center is today transformed into the regular Thursday flower market, with acres of violets and geraniums, the crowds of women buyers exceeding the strikers in numbers.

A representative of the Associated Press today visited the headquarters of the Confederation of Labor and found it virtually deserted. M. Del Salle, the acting secretary, said:

"French labor movements are entirely different from American. Yours are completely centralized and organized, whereas with us the dependence is almost entirely on the individual." "This morning all our mail and telegrams were stopped by orders of the government. Therefore I am unable to state how far our branches are continuing the strike. I only know that about 120 delegates representing a large number of trades, held a secret meeting last night and adopted a manifesto which will appear in the Voltaire du Peuple tomorrow, denouncing the arrests and the efforts to suppress the movement."

The center of the city is entirely normal, but detachments of troops continue to occupy strategic points. The basement of the Bourse is occupied by a squad of soldiers and the military is in charge of other places. Pickets of Republican Guards are also scattered through the suburbs and others are stationed at street corners and residential quarters.

PREPARE FOR BIG GATHERING

BERKELEY, May 3.—Christian Endeavor Societies are actively engaged in making plans for the annual state convention, which will be held in Berkeley this June. The young people in this city are taking a marked interest in the convention.

President E. A. Huggill, who was elected to succeed himself, has taken up the executive work, in a way that bespeaks the greatest success for the many undertakings involved in the coming session.

Those who are to carry on the work in Alameda county during this year are: President, E. A. Huggill; second vice-president, H. K. Hamilton; third vice-president, Joan Frikstad; recording secretary, Reese Martin; treasurer, Miss May Lettich; corresponding secretary, Miss Caroline Margaret Scott.

The Endeavorers are to discuss "Quarter Century Memorial," in which it is planned to raise sufficient funds to erect a suitable headquarters for the society in honor of Rev. Francis Clark, the founder of the Christian Endeavor movement.

SENATOR CLARK NO CANDIDATE

BUTTE, Mont., May 3.—In a signed statement appearing today in the Butte Miner, his own newspaper, Senator W. A. Clark of Montana, announces that he is not a candidate for re-election to the United States Senate. He says he will return to Montana to operate his interests, at the close of his present term.

TILLMAN'S CHANGE IN RATE BILL

WASHINGTON, May 3.—Senator Tillman has proposed certain amendments to Section 6 of the railroad rate bill prepared at his request by the Interstate Commerce Commission to correct certain alleged inconsistencies in the pending measure concerning the publication of all rates, whether individual or joint. The amendments proposed will include in the publication all terminal charges, storage charges and all special privileges or facilities granted or allowed. The amendments will have the effect of placing the filing and publication of all schedules on the same footing and make such schedules include all rates, privileges or facilities.

CITY HALL PARK NO LONGER TENT CITY

Companies A. F. and G. of the Fifth Regiment, N. G. C., which have been in camp in the City Hall Park since the day after the earthquake, and the camp of cavalry from Los Angeles, which has been located there for the past ten days, broke camp this morning and pitched their tents, later on the square at the corner of Twelfth and Madison streets.

The cavalry troop was the first to get in motion and as they marched out they were given three rousing cheers by the Infantry companies, the members of which lay around in camp equipped waiting for their time to move.

It was near noon when the Infantry marched away. There was a slight formal leavetaking between Major Hunt, who was in charge of the camp and Governor Pardee and Major Mott, both of the civic officials complimenting the Major and his command for the readiness with which they had responded to the call to duty and the discipline and orderly conduct which distinguished the troops while in camp.

After the tents and the sward of the park showed deterioration in the richness of its emerald hue, but the place was in a clean condition, proving that hygienic and sanitary requirements had been studiously regarded while the camp was in existence.

TAXPAYERS' PROTEST.

BERKELEY, May 3.—Protests are still coming into the Town Clerk's office protesting against the proposed opening and widening of several streets. The property owners along Prince street are determined that that street shall not be changed. Fourteen petitions addressed to the Board of Trustees show the arguments in their favor.

TEAMSTER ACCUSED OF STEALING GOODS.

SAN FRANCISCO, May 3.—Action on a complaint filed by H. J. Crocker, Detective G. H. Graham and T. R. Danvers, residing at 2553 Howard street, on a charge of looting. Reisman was employed hauling supplies from freight cars on Broadway to the supply station near Lafayette square. It has been his practice, according to the complaint, to steal a portion of each load.

The detectives say they saw Reisman dispose of a sack of sugar and a case of corn. He removed the supplies from his wagon, the detectives assert, and hid them. He was immediately taken into custody while the supplies were seized and held as evidence. He was arrested at the foot of Lorain street.

Reisman, who was taken to Golden Gate Park station, avers that his intention was not to steal the supplies, declaring he removed them from the wagon because the load was excessive. The detectives declare that he soaked the sugar while making one trip, and the corn later in the day.

HOW TO CONSOLIDATE CITY AND COUNTY.

The subject of consolidation of city and county which has agitated the community for some years is also engrossing attention in Los Angeles. The Chamber of Commerce of that city desires to have this subject considered at the proposed special session of the Legislature, and for that purpose has asked the Governor to incorporate in his call for the special session, the caption "Proposing Constitutional Amendments," to be voted on by the people at the next election.

On this subject, the note to the Governor, this morning, runs as follows: "This would enable us to present at the next session of the Legislature such laws as will enable us to carry out the consolidation of our city and county, which, in connection with the Owen's river project, is of very great importance to our community."

"Merely as a suggestion, the same might be important to other portions of the state as a result coming out of the calamity which occurred at and about San Francisco. We assure you that if you can see your way clear to comply with this request, it will be more than appreciated by our people."

"Consolidated Commission, City and County of Los Angeles."

The consolidation above referred to would include Pasadena.

WANT NURSES TO KEEP AWAY

SAN FRANCISCO, May 3.—General Greely and Dr. Devine of the Red Cross visit to emphasize strongly the need of nurses for the Red Cross. Their presence here would be worse than useless, they say, as their care imposes additional burden on the authorities, civil and military. Further transportation and food from the Red Cross or the army cannot be withheld there.

SENDS DISPATCH TO SENATOR PERKINS.

Governor Pardee has sent the following dispatch:

"Oakland, May 3, 1906.

"Hon. George C. Perkins, Senator, Chamber, Washington, D. C. Dispatch received. Thank Senate for its great kindness to our distressed people. We appreciate it very much. Delegation is preparing to leave. Sincerely, H. W. P. JOHN W. MOORE, Secretary."

ATTENTION, EAGLES!

Oakland Eagle No. 2 will hold a regular meeting tonight (Thursday), May 3, at 8 o'clock, at the Hotel, Seventh and Webster streets, Oakland. All Eagles are invited to attend. H. W. P. JOHN W. MOORE, Secretary.

DAVID HARUM'S

version of the Golden Rule, "Do unto others as you would have them do unto you," and do them first. Having found copies of these parts to my great extent, I am now offering them at a low price. ASSESSORS' SAFE CATCHES FIRE

SAN FRANCISCO, May 3.—When Assessor Dodge undertook to open the vaults in his office in the City Hall yesterday the contents burst into flames and all the valuable records of assessments upon real and personal properties came within an ace of being destroyed. All the assessment cards were lost, including the partially completed roll for the present year. Through the personal efforts of the assessor, assisted by a fireman and a bystander, who risked their lives in the work of rescue, the drawers containing cards with the names of all property holders, the nature of their properties, where located and the amounts for which assessed, were saved. From these the assessment roll can be made up again. The work of restoration will involve only the purchase of a new set of books and a considerable amount of clerical labor.

A fire extinguisher was played upon the flames until a chemical engine and a truck arrived.

Assessor Dodge says that he took expert advice before undertaking to open the vaults and the cause of the fire, and that he was told there would be no danger. He is of the opinion that the fire was not caused by the opening of the vaults, but had entered through a fire connecting with roots above.

"I think it had been smoldering since the fire two weeks ago," the assessor remarked afterward. "It needed only the touch of air caused by the sudden opening to fan it into flame. It was lucky I had assistance handy. I do not know the fireman's name, nor that of the bystander. We went into the vaults and got out all the card drawers. Some of the cards are slightly damaged, but they are quite legible."

All the books and stationery were destroyed. But the loss can easily be made up. It was not until the opening of the vaults that the assessor learned the extent of the damage. The section of the card drawers means \$10,000 saved the city.

"After the fire was out we found \$275 in money which had been collected in poll taxes on the night of April 17. This fine through which the fire undoubtedly entered was built about 15 years ago."

TAKE CARE OF THE REFUGEES.

NEW YORK, May 3.—The joint application bureau which is supported by the charity organization society, took care yesterday of about fifteen persons who came in from San Francisco as refugees. These persons have been distributed around in lodging houses and a few were taken care of by private families. Their railroad fare across the continent had been paid in the West. The bureau expect to get employment for them. Other arrivals are expected.

LOSS TO LIBRARY.

BERKELEY, May 3.—The loss of the Berkeley Free Public Library has not yet been estimated, though the damage is thought to be very serious. The building remains intact, although the roof of the second floor of the building was badly marred. The walls and lower section of the library were not in any way defaced. Building Inspector John Hall will give an exact report of the damage in the course of a day or two. Librarian Moore plans to reopen the library Monday morning.

HEARST CITY SHELTERS MANY

SAN FRANCISCO, May 3.—While the sobriety of the city for the past few weeks has been unprecedented, the appetite for intoxicants has not been eliminated by the enforced abstinence, and already the drunk has made his appearance on the streets. Sixteen were gathered up by Lieutenants Kelly's men out near Golden Gate Park yesterday afternoon and are now being held at the Stanyan-street police station. The lack of jail facilities, it is believed, will necessitate the taking of active steps by the authorities.

The ball and chain work gang has been suggested, and should the unusual numbers of men out of employment cause an increase in the inebriety, some such measures will be adopted.

DAMAGE DONE AT VETERAN'S HOME.

H. G. Burton, commandant of the Veterans' Home at Yountville reported to Governor Pardee today that the damage sustained by that institution in the earthquake would cost \$1578.50 to repair.

TAXPAYERS' PROTEST.

BERKELEY, May 3.—Protests are still coming into the Town Clerk's office protesting against the proposed opening and widening of several streets. The property owners along Prince street are determined that that street shall not be changed. Fourteen petitions addressed to the Board of Trustees show the arguments in their favor.

TEAMSTER ACCUSED OF STEALING GOODS.

STUDENTS' CHORUS.

BERKELEY, May 3.—Contrary to reports, the Messiah will be given by the Students' Chorus and the University orchestra. When seen this morning by a TRIBUNE reporter, Professor Welle, leader of the orchestra, said that he had telegraphed East for the music for the last symphony concert.

The music which he had was destroyed in the fire in San Francisco. But it is not the intention to abandon the Messiah for the lack of music, and a few days ago an order was placed with a New York firm for the needed music, and it is already on its way.

REPUBLICS TALK OF GOING TO WAR

WASHINGTON, May 8.—Colombia and Venezuela are worse estranged than ever before as a result of the refusal of Vice-President Gomez of Venezuela to receive the Minister who went to Caracas three weeks ago to perfect a treaty with Venezuela for the settlement of the disputes between the two South American Governments concerning the navigation of rivers flowing through the two countries and concerning commerce passing over the common boundaries. War is being freely talked in South American diplomatic circles. The insult to Colombia is regarded by some of the diplomats here as one such as cannot be overlooked especially since this is the second time the Castro Government has refused to receive a representative of Colombia. Just a year ago Lucas Caballero went from Colombia to Caracas. There were repeated delays as to his reception, and finally the Venezuelan Government refused to recognize him officially. At that time President Castro insisted that Colombia had failed to expel Venezuelan refugees, but the excuse was not regarded as a valid one. Later an envoy from Colombia went to Venezuela, and last December protocols were signed for a resumption of diplomatic relations between the two countries, and for the framing of a treaty settling the navigation and frontier questions. An accordance with these protocols, Dr. Herrera was sent to Caracas to perfect the treaty. Dispatches from Mr. Russell, the American Minister in Venezuela, says Vice-President Gomez refused to receive Dr. Herrera officially, and said it would not be possible to do so until the treaty had been perfected.

SPRINGS GUSH OUT

A strange phenomenon of the earthquake which caused the destruction of San Francisco has just been reported from Paraiso Hot Springs in Monterey county. Since the tremor the temperature of the water in the hot soda springs, which for many years has been growing steadily colder, has increased from 100 to 122 degrees, making it impossible for any one to bathe in the springs. The increase in temperature was first noticed on the day following the earthquake, when a test revealed the fact that the heat of the water had increased eighteen degrees. Since that time the temperature of the water has increased to 122 degrees. The shock of the tremor has also opened two new springs at Paraiso, the first of these, which immediately after the shock began to flow about one hundred feet back from the old springs, being a hot soda spring of the same temperature as the springs flowing before the earthquake. Previous to the shock there was no indication of a spring at this point, but since the shakeup the flow of water has been abundant. The second spring opened directly under the floor of the club and bar room at the springs, and the water, which is strongly impregnated with soda, is too cold, in direct contrast to the outflow of the other springs in the vicinity. The phenomenon of the opening of the new springs and the increase in temperature of the old springs at the popular resort was first reported in Oakland by Dr. H. B. Michelson, who learned of the natural wonder through a friend who has just returned from Paraiso. It is said that the water in all the springs is now so hot that it is impossible to bear its heat on the hands, much less bathe in the plunges.

ACCIDENTS RECORDED

An unusual number of serious accidents were recorded at the Receiving Hospital last night. L. H. Krill, an employee of the Oakland Gas, Light and Heat Company, living at 2019 Eagle avenue, went to work at the Piedmont power house, last evening, as an accommodation to a friend in the position of an assistant or relief. He had hardly got started to work when he got his right hand caught between a couple of cog wheels and the first two fingers of his right hand were torn away. The pain was so intense that they had to be taken out. The amputation was made by Dr. Kelly. George Bond, a salesman at the TRIBUNE office for the San Francisco Examiner, on his way to work, slipped a runaway team coming down Broadway near Seventh street, containing a woman and a child. With manly courage he attempted to stop the horse suddenly, causing him to miss his grasp for the lines, and he was thrown down and run over by the horse, sustaining a fracture of one of the principal bones in the arch of his right foot and severe injuries to his head, including a skull fracture. He was removed by friends to the Receiving Hospital, where he has a wife and child. He is likely to be laid up a month or so by his injuries. M. Conroy, a plumber, aged 24, while bathing at the Piedmont Baths, slipped and fell severely bruising his right shoulder, thigh and eye. M. Morones, a hawker at the Well Fargo Express Company's stable, living at the corner of Twelfth and Kirkham, had his toe broken by a horse stepping on it. Accidents in connection with getting on or off street cars were uncommonly numerous yesterday. Besides the accident with a College avenue car, by which the motorman and conductor were thrown from it and the car ran away on Alameda avenue, the last night and night, and Berkeley was put in darkness for several hours, the motorman, H. Stohler, and conductor, O. Butler, were thrown from the Berkeley car, the first with a badly strained back and the other with a scalp wound in the back of the head. H. H. O'Brien, a laborer residing at 1765 Goss street, West Oakland, was brought in in a badly shaken up condition and was obliged to remain in the hospital all night. He said he was on an Eighth street car he thought was going too fast, and he probably ran away. Ed Eshelman, an electrician, aged 31, living at 1124 Seventeenth street, Berkeley, was brought in with a head injury, a badly bruised side by falling off an electric car in Oakland. Earl Stewart, a boy of sixteen, but very small of his age, lived at the Emerson Hotel, Emeryville, while selling papers, fell or was pushed off the car and hurled the lad to the ground, his head striking on the curb. It was some time before he was restored to consciousness.

BANKER IS HELD

CHICAGO, May 8.—John R. Walsh, former president of the defunct Chicago National Bank, was today held to the Federal Grand Jury in bonds of \$50,000 by United States Commissioner Foots. When Mr. Walsh appeared before the Commissioner, Assistant United States Attorney Childs said the government was ready for the hearing. Attorney Rither, for Mr. Walsh, said that inasmuch as the Federal officers had not yet concluded their investigation of the statement of facts submitted some time ago by Mr. Walsh and inasmuch as the Federal Grand Jury will go into session May 15th, he believed it best for the interests of his client that he waive examination. Commissioner Foots then said he could do nothing else than hold Mr. Walsh to the Grand Jury, which was done. The bonds of \$50,000 were at once furnished by Mr. Walsh.

POISONED HORSES

NEW YORK, May 8.—The alleged leader of a gang that, it is alleged, has poisoned over 100 horses to Greater New York during the last five years, was sentenced yesterday to serve a year in the penitentiary. He was Samuel Geller, 30 years old, of Brooklyn. Geller was charged with having poisoned seven horses by giving them arsenic. When the case was closed Superintendent Charles H. Hankinson of the Society for the Prevention of Cruelty to Animals told the court that the members of the gang were hired out to rival business men, and by administering arsenic to the horses of one the other reaped a rich harvest.

LOST HER REASON

STOCKTON, May 8.—Mrs. F. DeMonte of this city went suddenly insane today through brooding over the horrors of the recent earthquake and fire. She ran screaming from her residence, and after traversing several blocks she threw herself upon the sidewalk and beat her head on the boards. People attracted by her screams tried to restrain her, but could do little with the crazed woman. A buggy cushion was placed under her head to prevent her beating off her brains. Medical assistance was finally procured and the woman quieted. It is believed she is hopelessly insane. For Over Fifty Years Mrs. Winslow's Soothing Syrup has been used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. 25 cents.

FLOUR, BUT NO BREADMAKERS

The commissary department at the city camp, Adams Point, has just received a car load of flour but the Quartermaster said today: "The great trouble now is, who shall make the bread? The Elks' camp kindly gave us 100 hams and bacon supplies and all told we are pretty well off in the commissary."

Potatoes and other food stuffs are plentiful and the material for bread is unlimited, but there is the problem of baking. Arrangements will probably be made in a few days for the conversion of loaves of bread for the refugees. Meanwhile, there is enough bread to go around and fresh meat and canned goods are included in the bill of fare. The city camp increased its registration, including yesterday and today the total reaches 1000. The camp at Fifth and Broadway and the camp at Idora Park have turned their inhabitants over to the city camp and number of families have been added to the colony at the lake.

FIRST DIVISION OF FLEET IN PORT.

NEW YORK, May 8.—The first division of the Atlantic fleet, consisting of the Maine, Missouri, Kearsarge and Kentucky, arrived here today from Guantanamo, Cuba. Courant's Manhattan Cocktails Are the talk of the town. For mixed drinks go to the Casino Hotel bar. Finest grades of liquors and cigars.

HORSES ARE SHIPPED EAST

STOCKTON, May 8.—Thirty-four head of Sidney Dillon trotting stock, yearlings and colts, passed through Stockton this afternoon en route to Indianapolis, Ind., Pleasanton. The animals are in charge of Millard Saunders, the well-known horseman, and they are the property of him and Sterling Holt, an Indiana millionaire. The price paid for them was \$10,000 as unborn yearlings. As many of them have been broken and trained their value now is estimated at \$20,000. They are being shipped over the Southern Pacific in special cars.

COAL DELEGATES TO HOLD MEETING.

SCRANTON, Pa., May 8.—Delegates representing Districts Nos. 1, 7 and 8 of the United Mine Workers of America, covering the hard coalfield of Pennsylvania, assembled in joint convention in the Lackawanna County Courthouse this morning, their national president, John Mitchell, presiding.

POLICE CASES CONTINUED.

All the cases now pending in Departments 1 and 2 of the Police Court were continued this morning to a later date. There will be a large amount of work for Police Judges Smith and Samuels when the courts open for business, as the number of cases is steadily increasing each day.

COMMITTEES TO MEET.

A meeting of the committees of the Oakland City Council will be held this evening for the consideration of matters pertaining to the welfare of the city.

VETERANS AID IN RELIEF WORK.

The United Spanish War Veterans' relief camp has been a decided success and the work accomplished for the relief of stricken soldiers and their families is thoroughly appreciated.

They welcome all comrades at their headquarters, Fourteenth and Franklin streets. A great many of these men have been appointed as special police by the departments of Oakland and Berkeley, who appreciated their ability in that line of work. E. H. Lisacum Camp No. 7 will hold a meeting this evening at Foresters' Hall, Thirteenth and Clay streets, to form further plans for relief work. All veterans of the Spanish and Philippine wars are requested to attend the meeting. What tea and coffee? Schilling's Best.

STATE BOARD HAS NEW QUARTERS.

BERKELEY, May 8.—Having been burned out in San Francisco, the State Board of Charities and Corrections has established its temporary office in Berkeley. It has rented rooms in the Frances Shattuck building. A meeting of the board will be held Saturday afternoon in San Francisco. All the records of the office were lost. The meeting will be held for the purpose of reorganizing the State Board's work.

YOUTH FALLS AND INJURES HIS HEAD.

BERKELEY, May 8.—John Murphy, a youth eighteen years of age, residing at the corner of Thirty-second and Adeline streets, fell from a delivery wagon at Ashby station this morning and was seriously injured. Murphy was standing in the wagon, and was filling a sack with potatoes, when the horse gave a sudden start and hurled the lad to the ground, his head striking on the curb. It was some time before he was restored to consciousness.

A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tackett, of Allamore, Ky., as a year of blood, which flows so copiously from a head that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored and as time has proven permanently cured." Guaranteed for Sore Lungs, Coughs and Colds at Osgood Bros., Broadway, corner 7th and Washington, corner 15th. Price 50c and \$1.00. Trial bottle free.

There are such things as good tea and coffee—Schilling's Best.

IMPORTANT!

Famous Strike Breakers. The most famous strike breakers in the land are Dr. King's New Life Pills. When liver and bowels are on strike, they quickly settle the trouble, and the purifying work goes right on. Best cure for constipation, headache and dizziness. Bro's. Osgood Bros., drugists, Broadway, corner 7th and Washington, corner 15th.

\$200,000,000 AVAILABLE FOR REHABILITATION OF SAN FRANCISCO

THE CLAUS SPRECKELS MANSION ON VAN NESS AVENUE, SAN FRANCISCO, DESTROYED BY EARTHQUAKE AND FIRE.

FIRST ELECTRIC CAR COMING DOWN MARKET STREET, SAN FRANCISCO—NO MORE CABLES FOR THIS STREET.

PLENTY OF MONEY IN SIGHT**NEW CITY WILL NOT SUFFER AT ALL.**

SAN FRANCISCO, May 3.—An investigation has demonstrated that the fear that San Francisco will suffer a period of hard times as an aftermath of the disastrous fire is unfounded.

Careful estimates made by authorities competent to speak show that within the next year there will be over \$200,000,000 available for the rehabilitation of San Francisco.

The following figures make clear where this sum is to originate:

Investment of new Geary street Municipal road	\$340,000
Home Telephone Co., expenditures	1,000,000
Insurance losses now due and payable (approximately)	175,000,000
United Railroad, new constructions	9,000,000
City bonds of 1904, sum still available	17,000,000
Ocean Shore Railway (approximately) expenditure	1,000,000
Restoration of Pacific States Telephone Co.	1,000,000
Restoration of Government buildings	770,000
Building of sea wall	2,000,000
Total	\$207,110,000

FOREIGN CAPITAL.

It is expected that a large part of this money will come from Eastern and foreign capitalists. In figuring the two hundred and odd million dollars which will be available, the investigators did not take into consideration the sums that may be raised for the beautification and improvement of the city.

CHINATOWN SITE.

The vexatious problem of locating the new Chinatown will probably be settled to the satisfaction of the Chinese colony. It is the desire of the municipality not to harass this portion of its foreign population and the desires of the diplomatic representatives of China will be considered. At a meeting of Chinese diplomats and a representative of the general committee such understanding was reached.

MANY IMPROVEMENTS.

The two weeks that have elapsed since the day of the earthquake have witnessed a transformation from chaos to regular order. The unburned section has been nearly restored to its normal condition, and when housewives are permitted to return to their kitchens to cook, after the required inspection of chimneys, the streets will have their old time appearance. In the burned districts each day brings its added share of improvement and the great task of cleaning up has been fairly started.

RED CROSS RAISES OVER

\$1,000,000

WASHINGTON, May 3.—The total amount of money raised by the American Red Cross up to date for the relief of San Francisco sufferers is \$1,738,000. Of this sum \$400,000 has been sent in cash to San Francisco; \$34,000 was spent for blankets, forwarded for the relief work, and \$2000 was used in buying provisions.

The present balance is \$1,302,000, which is being held at the disposal of the San Francisco Red Cross and Relief Committee. Secretary Shaw has recommended to Congress an immediate appropriation of \$51,500 to replace land records destroyed at San Francisco.

Gunnery Sergeant B. A. F. Forester, Sergeant McNally and Private Niemeyer are among the members of the Marine Corps who will be reported to the President with a recommendation that they be commended for their bravery and thoughtfulness at the time of the earthquake.

LODGE AIDS IN RELIEF EFFORTS.

Oakland Lodge, No. 128, Fraternal Brotherhood, held its regular meeting last Thursday evening at Maple Hall, which was largely attended. Considerable business was transacted. The relief committee, through Mr. Herald, reported that they had comfortable quarters for the relief of members of San Francisco lodges at the Methodist Church at Thirty-fourth and Telegraph avenue. The relief headquarters are at the offices of Herald & Ormsby, 1115 Broadway.

RECEIVING HOSPITAL HAS BEEN KEPT BUSY.

Three hundred and sixty-five registered cases have been treated at the Receiving Hospital since April 1st up to yesterday, 304 of them since the 15th, besides about fifty of which no record was kept. Twelve alleged insane persons were disposed of, some being sent to the asylum and more than thirty, temporarily affected by the earthquake, have been attended to or sent away.

RHODE ISLAND SENDS TEN THOUSAND.

Governor Pardee received, today, an official copy of the resolution adopted by the legislature of Rhode Island appropriating \$10,000 for the relief of the earthquake sufferers.

CUT IN HEAD.

Charles Wilson, a longshoreman, from Sweden, living at 383 First street, while helping to unload coal at Rohan's yards yesterday, was hit on the head by the passing bucket of coal, and his scalp opened for several inches. The Receiving Hospital fixed him up.

INSURANCE WILL BE PAID**ACTION IS TAKEN IN GREAT BRITAIN.**

LONDON, May 3.—A meeting of the representatives of the several British fire insurance companies interested in San Francisco was held in London yesterday.

It was unanimously agreed to send a joint dispatch to Oakland to the following effect:

"Under any circumstances the British companies will only pay the losses for which they are legally liable, since to go beyond their contracts would be illegal. 'They cannot recognize any liability for damage by earthquake where no fire ensued, nor for damages to buildings pulled down or destroyed by order of the San Francisco authorities.'"

The committee of insurance officials of Oakland is directed in the general interest and before the removal of the debris, to employ immediately the best available engineers and surveyors to investigate and report in detail the earthquake damage in the burned area.

Three British offices, the Alliance, the Commercial Union of Norwich and the Union, whose San Francisco policies contain clauses excluding liability for fires due to earthquakes, have sent telegrams to their agents at San Francisco explaining that, while concurring in the resolution quoted above, they do so without prejudice to the special position they occupy.

DINNER REMINDER OF CATASTROPHE.

BERKELEY, May 3.—The Calvin Reeds gave a dinner at their home, 2015 Bancroft way, Tuesday evening. They entertained some Eastern friends and sent out several invitations to San Francisco acquaintances who were victims of the earthquake.

It was a very clever affair. The invitations spoke of the present state of things. They were of brown paper with scorched edges, and were worded in a cleverly arranged mixture of fire, earthquakes, refugees, things to eat, trouble that had been, etc. The Reeds are a very optimistic family and sought this means of diverting their friends' thoughts from the horrible disaster that recently befell San Francisco.

BERKELEY GIRL TO MARRY ARMY MAN.

BERKELEY, May 3.—Miss Annie E. McCleave, in company with her mother, has left for Denver. She is soon to be married to Lieutenant A. F. Danne-miller of the United States Army. He has been stationed at Fort Logan, Colorado, and in all probability it will be to this post that the lieutenant will take his bride. Miss McCleave was very much sought after in social circles on both sides of the bay and the news of her engagement has created much gossip in the smart set.

SOLDIER IS ACCUSED OF A MURDER

JOSEPH MYERS, WHO WAS KILLED BY SERGEANT STEINMAN.

SAN FRANCISCO, May 3.—Joseph Myers of 1625 Post street, a tailor, superintendent of the children's playground at Seventh and Harrison streets, a prominent Mason, Eagle and Forester, was shot and killed on the night of April 19th, between 9 and 10 o'clock, near Columbia Square, by Sergeant J. H. Steinman of Troop A, National Guard. The latter is a nephew of B. U. Steinman, formerly mayor of Sacramento.

The shooting occurred when the city was in flames, and the people in all portions of the town were panic-stricken. Varying accounts of the affair are given by different witnesses, but the preponderance of the evidence secured by Major Humphreys seems to be in favor of the prisoner. Steinman was seen last night, just before his arrest, and made the following statement:

"I was detailed by my commanding officer to go to Columbia Square and tell the people there that we had food for them. I went to Columbia Square and called for able-bodied men to volunteer and go to quarters to get food. While I was talking this man that I afterward learned was Myers stepped up and said there were no able-bodied men there, but all women. He declared he had been working there all day, but could do nothing. He was drunk. I could smell his breath where I stood. I told a man named Bush to get me and go for provisions, and he started to gather the men. Myers attempted to interfere, saying there was no use in loading down the men with provisions, but they could drag wagons up and get them. I told him that the streets were blocked and the wagons could not get through. Bush—I think that is the man's name—started to get his men together, and I turned away. Just then I heard Bush call, 'Corporal, help me.' I was wearing corporal's chevrons, although I am a sergeant. I turned in time to see Myers beating Bush, who was a much smaller man, and had but one leg. I jumped to his rescue and thrust Myers aside, at the same time drawing my gun and telling him to desist. I turned away again, and just then a woman said to me: 'For heaven's sake, Corporal, throw that man out.' Myers had attacked Bush once more. This time I seized him and thrust him aside and ordered him away, but he said to me, 'I'll get you,' or words to that effect, and threw his hand back toward his pistol pocket. He advanced toward me. Three times I cried, 'Halt! Halt!' Still he came on, and I fired. I did not know whether he was hurt or not, and I fired again. He reeled and fell, and I turned to the crowd, at the same time lowering my gun and said to them: 'This is an act demanded by the exigencies of martial law. If there is any one who questions my authority, let him say so.' 'There were murmurs of 'Served him right. He got what he needed.' 'When I returned to camp I delivered myself to my commanding officer, who placed me under arrest. After an examination I was returned to duty.'"

BEWARE OF STEALING FOOD**ARREST IF YOU PREY UPON HUNGRY**

SAN FRANCISCO, May 3.—Military and civil authority, represented by Mayor Schmitz and Major-General Greely, will unite in the detection and prosecution of all persons who have preyed upon the homeless and hungry of San Francisco.

After a conference with General Greely, Mayor Schmitz has announced that anyone discovered obtaining unlawfully large quantities of supplies, or of repeating in the lines at relief stations, would be prosecuted upon a charge of obtaining money under false pretenses.

The Mayor, at the request of General Greely will today look up the law under which such an offense may be prosecuted.

The following statement was issued at Fort Mason: "Several instances of accumulating relief supplies in large quantities for private purposes have been reported to General Greely.

"Parties knowing of such instances are requested to communicate them to General Greely in writing, with the assurance that such reports will be treated with the strictest confidence as to source from which they emanate.

"General statements must naturally be received with suspicion; exact details as to time and place are desired. Anonymous communications cannot be considered."

NOTIFYING COMPANIES OF FIRE LOSSES.

E. Myron Wolf, insurance commissioner, offers the following suggestion to people whose property has been destroyed by fire regarding the notification of the Companies of such destruction:

"All persons who expect reimbursement from insurance companies for losses sustained by the recent calamity are advised to give immediate notice of loss. While such action may not be legally necessary, this suggestion is made in order to obviate the possibility of any technicality that might result disadvantageously to policy holders.

"This notice should be in the form of a brief letter addressed to the company, specifying the character and location of the property insured, the degree of loss sustained, whether partial or total, the date of the destruction, and the amount and number of the policy, if possible to give same.

"All of the companies are meeting in Reed Hall, at Thirteenth and Harrison streets, Oakland, and at present letters should be mailed to that address. If a change of address be made, notice thereof will be given.

"Proofs of loss must be made within sixty days and these should be made upon blanks which will be furnished by the companies at a later date. "The companies will establish some central point, in San Francisco, at which this may be done. Notice will be given of the place as soon as same is determined upon."

AWFUL STATE OF CAPTAIN AND CREW.

PENSACOLA, Fla., May 3.—Languishing in a Mexican prison, half dead for want of food and water, and with the bodies covered with vermin, is the condition of the captain and crew of the Pensacola fishing smack Silas P. Stearns, which was captured by a Mexican war vessel off the coast of Yucatan, April 16, according to a letter just received from Captain Malfalino. The letter was written in Italian, and was translated by Italian Consul Caffro, a certified copy thereof being sent to Senator Mallory for transmission to the State Department.

The letter states that the vessel was captured near Grand Reef Island, the cause of the seizure being the vessel had no license to fish in Mexican waters.

It was towed to Progreso, so, where the crew was thrown into jail without an opportunity to communicate with either the American or the Italian Consul.

The schooner was placed in charge of soldiers and the men treated like pirates.

TAX COLLECTOR IS OPEN FOR BUSINESS.

The County Tax Collector's office was open for business today and will remain open as usual. "Tax Collector Barber said today: 'I closed my office at the request of the bankers who were afraid that the payment of taxes immediately after the earthquake and fire would increase the opinion of the District Attorney's office that the keeping of the Tax Collector's office open was optional with me.'"

"Taxes will be delinquent after 6 p. m. of the first business day (Sunday excepted) after the special holidays cease."

SAN FRANCISCO IS PAYING SALARIES.

SAN FRANCISCO, May 3.—The city government yesterday began the work of paying out April salaries to its employees. The sum of \$230,000 was transferred to the Western National Bank, where today the members of the police force receive the money due them. This way \$50,000 was added to the city treasury. The firemen will be paid Friday, the teachers Monday, and within the next few days all members of the different departments can cash their warrants.

PROBLEM FOR THE RELIEF COMMITTEE.

SAN FRANCISCO, May 3.—A problem that confronts the relief officials is as to what disposition they will make of male adults whose occupations have been taken up in the refugee camps are not of sturdy physical make-up, and it is conceded that it would be a hardship to refuse them relief if they are unable to take up the heavy work now being done on the streets and buildings.

To the Members of the Board of Education: By order of the President of the Board of Education there will be a called meeting of the Board of Education on Thursday evening, May 3, at 8 o'clock, for the purpose of ordering the payment of the school department of the city of Oakland. Respectfully,
J. W. McCLIMONDS, Secretary.

P. S.—Please take notice that there is an adjourned meeting of the Board of Education for Thursday evening, May 3, at 7:30 o'clock, for the purpose of considering matters relative to the opening of the schools.
J. W. McCLIMONDS, Secretary.

BANKS ARE WORKING AGAIN**CHECKS DRAWN ON ALL NEW ACCOUNTS.**

SAN FRANCISCO, May 3.—The commercial banks belonging to the Clearing-house Association have arranged to open for new or "special" business. The arrangement is to receive all deposits that customers may desire to make on new accounts. The depositors may check out these new balances without restriction or limit. The following notice was issued from the Clearing-house yesterday afternoon:

SAN FRANCISCO, May 2, 1906.—To Our Depositors: The San Francisco banks are arranging, as rapidly as they can, for the general resumption of their business, which must be delayed, however, until their vaults can be safely opened and new quarters provided. Meanwhile, in order to meet the convenience of the public as far as possible under existing circumstances in the handling of current financial transactions, the banks have arranged to receive deposits at their temporary quarters.

The following may be deposited for immediate credit: Cash, currency, checks on San Francisco banks marked "special," approved checks and drafts on out-of-town points. The following will be handled for collection: San Francisco drafts and bank checks other than "special," out-of-town items other than those received as cash. These collections will be credited when actually paid.

Checks may be drawn against available funds deposited for credit as above, and must be plainly marked "special." "Special" checks may be deposited with the same bank or banks; those for which the holder desires cash should be presented to the bank drawn on, who will honor same if in order by the clearing-house bank, the clearing-house bank, United States Mint.

Attention is particularly called to the fact that this arrangement is purely to facilitate new current business and applies only to deposits made since the first of January. By order of the SAN FRANCISCO CLEARING-HOUSE ASSOCIATION.

This plan for new or special business was adopted in Oakland and other parts of Alameda county and so successful was it in its operation that the banks have now resumed regular business and are receiving more money than they are paying out.

ASSOCIATED BANKS.

The committee appointed to arrange the affairs for the Associated Savings Banks were in long session yesterday. This is the statement that they issued, signed by R. M. Tobin, chairman:

In the situation and they are awaiting the moment when they are advised they may safely open their doors. They are all equally confident of the unsoundness of the situation and they have reached them, and they concur in the restoration of normal conditions within a very short time. They have no fears of a tight money market, but on the contrary feel convinced that the building of the New San Francisco will put large sums of money into circulation. There will be work and pay and consequent prosperity for all. Such communications as they have had by mail, express perfect confidence and calmness on the part of their depositors. The only impatience exhibited has been on the part of those who, embarrassed by the possession of ready money, are anxious to find some place where they may safely deposit it. The public in general seems to understand perfectly that there is no financial crisis involved in our calamity. On the contrary, San Francisco has met her trial when at the very height of her prosperity.

BERKELEY HAS HER PROBLEMS

BERKELEY, May 8.—All of the municipal questions which have been put aside for the past two weeks on account of the disaster in San Francisco, will be discussed at the monster mass meeting to be held tonight at 8 p. m. under the direction of the Chamber of Commerce at the Town Hall.

The excitement and the confusion attending the work of caring for the fire sufferers and the work of accommodating the refugees have naturally made municipal affairs a secondary consideration, but they have not been forgotten. Now the sober-minded men of the town who have the permanent welfare of Berkeley at heart are preparing to take up anew the delicate problems that are facing the city at the present time.

The meeting will be an open one and will be a union of all the various town officials and improvement clubs. The members of the Berkeley improvement clubs, the town trustees, the members of the board of education, the inspectors of buildings and school superintendent, all will be present. The meeting will be held at the Town Hall, which is the only building in the city that is not damaged.

Every phase of municipal work will be spoken of at the meeting. The question of schools is a big one and this will be settled at the meeting. The fire insurance situation will also be discussed as will the wharfing and manufacturing facilities at West Berkeley.

U. C. ATHLETE SECRETLY WEDS

BERKELEY, May 8.—Cathryn Robinson, the popular South Berkeley belle, and Garfield Anloft, formerly a prominent student at the University, are now both named Anloft. The young couple were secretly wedded three months ago. Relatives of neither family were told of their marriage until a few days ago, when they disclosed the secret of their short life of wedded bliss.

Both the young couple are well known in Berkeley. Miss Robinson is a resident for two years, coming from Watsonville with her family. Her father is a prosperous merchant of South Berkeley.

Anloft graduated from the University in 1904, from the College of Mining Engineering. He is interested in several mines in Alaska, and has been associated with Joseph Rogers, one of the most prominent mining men in Alaska. He also won a prize at the University for being the most perfectly developed man there and is the 125 pound amateur wrestling champion of the Pacific Coast.

The young couple will reside in Alaska, after a brief sojourn in Berkeley.

The cup that cheers—but not impoverishes.

Golden Gate Coffee

High grade.
High price.

Sold on merit.
No prizes—no coupons—no crockery.

J. A. FOLGER & CO.
San Francisco
ESTABLISHED 1892

H. Spring was the Berkeley representative at the meeting.

Made Happy for Life.
Great happiness came into the home of E. C. Haly, school superintendent at St. Albans, W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' Dance, which yielded to no treatment but grew steadily worse until at last resort we tried Electric Bitters, and I rejoice to say, three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, weakness, impoverished blood and malaria. Guaranteed by C. Good Bros., Broadway, corner 7th and Washington, corner 13th. Price 60c.

JAMES C. JORDAN,
President.
H. G. PENDLETON, Secretary.

JOSEPH A. LEONARD,
Vice Pres. & General Manager.

San Francisco & Suburban Home Building Society

Has located its office at the southwest corner of Jordan and Euclid avenues, Entrance No. 261 Euclid avenue, in the center of Jordan Park, one of the most beautiful and select spots in San Francisco.

JORDAN PARK

is bounded by California street, First, Point Lobos and Parker avenues and may be reached by the Eddy, Geary, California, Sutter and Sacramento St. cars.

After the great fire of San Francisco the "Society" resumed work in full force on Thursday morning, the 26th of April, and is ready to build homes for its customers more rapidly than before, being able to construct buildings at the rate of two or three per week.

The Society's mill and other general equipment is not seriously impaired and it has probably one of the largest organized forces of competent architects, millmen and builders on the Pacific Coast.

Applications for homes, etc., should be made to

SETTLE TROUBLE OUT OF COURT.

The cases of Edward Hunter and George T. Montgomery were dismissed yesterday by Police Judge Smith, both sides having refused to prosecute. After his release from the city prison yesterday morning, Montgomery learned that his wife, whom he believed to have planned to elope with Hunter, had simply gone to the home of her aunt, where she remained all night. On learning this, Montgomery decided to drop the charge of adultery which he had made against Hunter, who in turn refused to press the charge of assault with a deadly weapon against Montgomery.

Montgomery charges Hunter with having been the cause of a great part of the trouble which led his wife to file suit for divorce two months ago. Hunter was employed by Montgomery as a clerk in the Essex Hotel in San Francisco, and the latter declares that the clerk told him, Montgomery false stories of the actions of her husband at times when he was away from her, which finally led her to file suit for divorce. The trouble between the Montgomerys has now been settled, however and they have decided to begin over again.

Montgomery is a son of Charles Montgomery, a well-known mining man, and the president of the California Prison Commission, an organization founded for the purpose of caring for discharged convicts.

BUILDING PROGRESS IN COLLEGE TOWN.

BERKELEY, May 8.—Although there is a shortage in the various kinds of building materials the contractors of the town are making rapid strides towards finishing up their work which was delayed by the quake. But the advance in the price has somewhat retarded the work.

The contractors working on the Havens Block, on the site of the old Berkeley theater are rushing the work along as fast as the supply of materials allows. Excavations have all been completed and the laying of the foundations will commence in a few days.

The school at Piedmont avenue and Derby street are reported by A. H. Broad, as completed. The last work of the structure will be started as soon as the materials arrive. Work on the school on Piedmont way which was stopped immediately after the earthquake will be resumed in a few days. Broad also reports that two-thirds of the chimneys which were broken down by the shock are repaired. The damage done to Berkeley counting the various buildings around the town will not amount to more than \$200,000.

A number of building permits have been granted to property owners and contractors. W. Foster, of 140 South street, Oakland, was granted a permit to erect a two-story dwelling on the east side of Roosevelt between Broadway and Channing. The house will cost in the neighborhood of \$1400 and will be constructed by J. May.

B. Morris has made arrangements with contractor J. W. Linberg, to build for him a handsome residence on the south side of Vine street between Adeline and Henry. The home will cost \$4500.

A temporary office will be built by the corporation of Broadway Rapid Transit. It will be erected on the rear of the lot recently purchased at Hillmead and Dwight way. This building will be used until the construction of their modern edifice in about a year. The temporary building will cost about \$100.

PLEASANTON WOMEN WORKING FOR RELIEF.

PLEASANTON, May 8.—The Red Cross Society of Pleasanton, numbering thirty-five women, is very busy these days. Each afternoon the members meet and over thirty boxes of nice new clothes have been sent to the relief committee in Oakland. Mrs. E. H. Hall is president; Mrs. E. Benedict, secretary; and Mrs. S. K. Trefry, treasurer.

HORSES GO EAST.

Millard Saunders started east yesterday with two carloads of horses numbering over thirty. This fine string of horses belongs to Sterling R. Holt, and all of them are now en route to the east of the famous Sidney Dillon stock.

NOTES.

Mr. and Mrs. W. H. Donahue have rented their home on Second street to Mr. and Mrs. Joe Green of San Francisco and have taken rooms at the Colonial.

The Pleasanton Five Hundred Club has disbanded for the present and all the members are working in the Red Cross Society.

Mr. and Mrs. L. C. Walter will leave the latter part of the week for Pacific Grove, where they will stay for a month for the benefit of Mr. Walter's health.

Dr. and Mrs. E. H. Avery and Mrs. Jennie Avery will start on May 10th for a six weeks' visit to Iowa and other points east.

Mrs. S. A. Bunoh, who is spending some time in Fruitvale for the benefit of her health, is improving nicely and expects to return home soon.

CALIFORNIA EDITORS HEARD NEWS IN MEXICO.

With tear stained eyes and prayers for the safety of their relatives in the doomed city, the members of the California Editorial excursion who have been in the City of Mexico for a week left Friday afternoon on their special train over the Mexican Central for their homes.

The party presented a great contrast in leaving to what it presented upon arrival. Practically every one has near relatives or very intimate friends in San Francisco and the suspense of the past few hours has been terrible for them. The special will be run at a record breaking pace to reach San Francisco at the earliest possible moment.—Mexican Herald.

EAGLES WILL MEET AT GERMANIA HALL.

The first meeting of Oakland Aerie No. 7 of the Fraternal Order of Eagles will be held this evening at Germania Hall, on Webster street near Seventh. The call for the meeting was issued this morning by Police Judge Smith, president, and John Mott, secretary, of Oakland Aerie, who have requested that all members of the order now in this city attend the meeting. Representatives of all the San Francisco lodges will be present, and business of great importance will be transacted.

VETERAN RESERVES IN BERKELEY CAMPS.

BERKELEY, May 8.—The famous "Veteran Guard" of Oakland, which has its headquarters at Twelfth and Harrison streets in Oakland, is now encamped near the entrance of the University. It is stationed as a reserve guard in case necessity arises. The men are all Civil War veterans and hail from as many States of the Union as there are members. They are both Confederates and Union men. The camp was organized ten days after the Maine was blown up in the harbor of Havana. The very evening of their organization they sent a telegram to President McKinley and the Secretary of War. "Company A, Veteran Reserve of Oakland ready for service in Cuba at ten hours' notice." C. K. King, captain.

Arms, ammunition, tents and other supplies were promptly sent to them, and the men have since retained the patriotic organization, meeting regularly at their headquarters.

PLAN TO RUSH HOTEL TO FINISH.

BERKELEY, May 8.—The McChesnut hotel, which was commenced some months ago, will be rushed to completion. This was decided at a meeting of the directors of the company which is building it. The company was originally planned to be finished by next January, but now the contractors have orders to complete the work as soon as possible so that it will be ready for occupancy by November.

The local capitalists interested in the project had a meeting at the office of the Realty Syndicate in Oakland, and the situation was thoroughly talked over. It was decided that the hotel would have been a money proposition before the San Francisco fire, but now it would more than realize the anticipations of its directors. Louis J. Sims and J.

UNIVERSITY ARCHITECT PLANS FOR GREAT CITY

BERKELEY, May 3.—John Galen Howard, head of the College of Architecture at the University, and who is on the committee appointed by Mayor Schmitz to devise ways and means of rebuilding San Francisco, is of the opinion that San Francisco will be more beautiful than ever. In an interview with a TRIBUNE reporter last night he clearly told of the preconceived plans that ought to be carried out in the work of reconstruction. His story follows:

"I believe an underground trolley is most desirable to have in the city of San Francisco, if it is possible to manage it. The overhead trolleys are unsightly. The cable system is antiquated and out of place in a modern city and of course horse cars are out of the question, because of their lack of speed. They are relics of the dark ages. They have been abandoned in all first-class cities.

COST GREATER.
The underground trolley costs more to install than the overhead trolley, because of excavation and the various appliances which are needed to keep it in order.

"Cable cars have become antiquated because of the wear and tear on the cables. The cable cars are better than the overhead trolleys. The overhead trolley is the most unsightly of all the systems of electric locomotion on account of the ugly poles and wires, and also for the reason that the wires endanger the lives of the pedestrians. There is no uglier thing possible in a public street than the overhead trolley. The only possible excuse for it is its cheapness, but the about economy is the sole consideration and no other system is feasible. The overhead trolley should be considered as nothing more than a makeshift.

BUSINESS CENTER.
"The business portion of the city should be where it has always been, where it has grown up as a matter of convenience. The only question is one of adequate foundations and that is easily solved. I have every reason to believe that the city will be rebuilt.

"The Burnham plan is admirably conceived and can be admirably carried out, as it is founded on basic principles. The plan has to do more particularly in its present form with the outer and newer form of the city, and should unquestionably be carried out, not primarily on account of the new beauty of its effect, but because of its convenience of arrangements.

"It takes care of the future of the city so far as making every part accessible to every other part and taking care of traffic. The portion of the city recently destroyed by fire hardly came

within the field of Mr. Burnham's scheme, except in the most general way, owing to the long-established interests, which made any material change of the city plan with the region now burned extremely difficult. The principles which underlie the Burnham plan should now be applied to the portion of the city which has been destroyed.

WIDE STREETS.
"In the light of our added experience the city should be divided into regions isolated by means of wide avenues to prevent the rapid spread of fire from one quarter of the city to the other. Some of the streets which are now too steep should be graded so as to make parts now practically inaccessible, convenient. The summits of the hills should be crowned with parks in accordance with the principle already established in the city, but not carried to its logical conclusion.

"Reservoirs could readily be combined with parks in these commanding locations, in such a fashion as to give beauty of effect, while at the same time they would afford valuable protection against fire in time of need.

CHINATOWN.
"Chinatown should be located somewhere remote from the city, in the southern part, where it will no longer be a menace to the public health. The blocks vacated by Chinatown should be developed as public parks. The remainder would be immensely valuable for business and residence quarters. The whole of Chinatown should be entirely cleansed out.

"I should like to see Van Ness avenue widened and parked to be an added protection against fire and in order to give the necessary breathing space and attractiveness to that portion of the city.

"Market street seems hardly feasible to widen farther west than Second street on account of the destruction of a great deal of valuable property, but east of Second street where the congestion is greatest and the need of widening is most marked, there is no structure remaining which would interfere with the much to be desired improvement.

BELIEF STRONG.
"I have always believed in the great future of San Francisco and today my belief in the greatness and scope of its opportunities and its powers is more enthusiastic than ever. San Francisco has always been unique in her situation and in her character and she will be equally unique in the rapidity and solidity of her reconstruction. The blood of the pioneers has not run out. The new and greater San Francisco will be built by the present generation, as was the commonwealth of California by the men of forty-nine."

SOCIETY FOLK SEW FOR BABES

BERKELEY, May 3.—The society women of Berkeley have organized a sewing club, headed by Mrs. Charles Keeler, one of the most prominent and noble women of the college town. She has been an important factor in the relief work of Berkeley.

Since the morning of the quake the philanthropic women have worked early and late upon clothes for the stricken refugees. Before a finance committee was organized, Mrs. Keeler worked with indefatigable energy to establish a sewing circle to furnish undergarments, for which there was and still is an urgent need.

The Finance Committee took notice of the excellent work being done and stood ready to furnish materials for those who so willingly gave their time and energy. Professor Bernard Moses was placed at the head of the various circles, which today number between fifteen and twenty. Each sewing circle has its special representative to make application for its special needs.

Much work has been accomplished by these women in preparing hospital supplies, which formed their first work and since then the making of underwear for children has formed the major part of their labor.

TO STUDY ABROAD.
BERKELEY, May 3.—Miss Anna M. Tully, a prominent pianist of the city, has left for Yacaville. She intends to visit her parents in that town and in the latter part of May she will leave for New York, where she will accompany Mr. and Mrs. Richard Tully on a trip abroad. Miss Tully has been studying to study music in London and Paris for about ten years. When her course is completed she will return to Berkeley and continue her work.

Out in Iowa they have eight different kinds of Republicans, and after the same kind of jobs—Washington Post.

GUARANTEED LIQUOR CURE.

No Detention from Work or Loss of Time—Desire for Drink Destroyed by Orrine.

When one of our most reliable druggists makes a positive statement that he will guarantee to cure the liquor habit if Orrine is used in accordance with directions or refund the money, it shows his great faith in the treatment. It is in this way that Orrine is sold by the leading druggists in nearly every city and town. In every box is a registered guarantee which entitles you to a refund of your money if Orrine fails to effect a cure.

No other cure for the liquor habit has been sold in this way and the remarkable guarantee shows how much superior Orrine is to the ordinary salt, itardum or home treatment. There is no detention from work or loss of time when Orrine is used. It destroys the desire for liquor, so that the drink will not be missed, and also cures the deranged digestion, weakens nerves and other ill effects of excessive drinking, restoring the patient to perfect health.

Orrine is prepared in two forms, No. 1, the secret remedy which can be used in food or drink without the knowledge of the patient; No. 2, for those who take the remedy of their own free will. Both forms are absolutely guaranteed to cure or they will cost nothing. Treatise on how to cure drunkenness free on request. Orrine Co., Washington D. C. The price of either form is \$1 a box, making the cost of the complete cure less than what is usually charged at sanitariums, with a guarantee that the expense will be nothing unless a cure is gained.

Orrine is for sale by The Owl Drug Company, corner of Thirteenth and Broadway.

SERIOUS CHARGE OVER HIS HEAD

STOCKTON, May 3.—S. N. Pease, a prominent resident of Lodi, has been arrested and brought to this city on a charge of mistreating a twelve-year-old girl. He is in jail and the grand jury will be called to indict him. The authorities say they have strong cases against him. He has a wife and grown son and considerable property in Lodi.

VIEWS REGARDING SPECIAL SESSION.

San Luis Obispo.—It will be a lasting disgrace to the State of California if the Legislature is not at once convened in order to do all that is in its power to help San Francisco in our fair State in her hour of need.

HENRY W. NEED.
Thirty-first Senatorial.

FIFTIETH ASSEMBLY.
Oakland.—Wait until we know what legislation we want, and then hold as short a session as possible.

SIXTIETH ASSEMBLY.
Selma.—I believe an extra session of the Legislature should be called as soon as the requirements of the situation are definitely known. W. F. CHANDLER.

SEVENTY-SECOND ASSEMBLY.
Los Angeles.—I am in hearty sympathy with the sentiments expressed on the subject in the telegram received by me, and stand ready and willing to do what I can towards the call of the Governor convening us together in the ability of Governor Gardner in the matter of calling a special session of the Legislature, and being on the ground and engaged in the good work of aiding the people of the State in their hour of need.

STILL SILENT.
The legislators who have not responded to Senator Hailston's telegram of inquiry regarding the proposed session of the Legislature are as follows:

Assembly—Arnerich, Los Gatos; Branswetter, Berkeley; Burke, Merced; Creighton, Redding; Cromwell, Petaluma; Dorsey, Bakersfield; Duran, Lodi; Ellis, Stege; Jarvis, Santa Clara; John, San Luis Obispo; King, Napa; Krimmlinger, Los Angeles; Larnach, Walsh's Station; Maxwell, Wheatland; Mitchell, Fresno; Moore, Colusa; Rolley, Eureka; Tripp, Santa Rosa; Veyand, Colusa.

Senate—Broughton, Pomona; Cogges, Lodi; Hahn, Pasadena; Irish, Downeyville; Hahn, Ukiah; Savage, San Pedro.

PRETTY WEDDING AT BERKELEY HOME.

BERKELEY, May 3.—Miss Loh Timmer was married to Otto Kottenbach at the home of the groom's parents Tuesday noon, at 1941 Klitridge street. Rev. Mr. Hodgkins performed the ceremony. The home was beautifully decorated with bells of pink geraniums and ferns. The bride was dressed in a dainty creation of India linen, with trimmings of Mexican lace. Her maid of honor, Miss Marie Judd, wore a pretty costume of pink and white, carrying out the effect of the decorations. The groom was attended by his brother, Oscar Kottenbach.

Mr. and Mrs. Kottenbach will make a tour of California, after which they will go east to Lewistown, where they will reside.

OFF TO MOUNTAINS.
BERKELEY, May 3.—Mrs. Hutton W. G. will leave for Santa Cruz tomorrow to spend the summer with her daughter, Miss Louise G. G. and Miss Louise were former in San Francisco, the house going down in ruins.

Miss Louise is a senior, where she is a senior, earthquake came, but escaped.

WHY GOVERNMENT REFUSED CONTRIBUTION

FATHER YORKE'S STATEMENT TO THE PRESS

Tells of the Trouble With the Oakland Relief Committee.

Oakland, May 3, 1906.

Editor TRIBUNE:—In carrying on the work of relief in Oakland for the Sunday and Monday the 29th and 30th of April, I have been employed.

First. The civil authorities represented by Governor Pardee and Mayor Mott.

Secondly. The various fraternal and voluntary organizations.

Thirdly. The so-called Citizens' committee.

Fourthly. The Catholic Church.

The Catholic Relief Bureau is organized with Father McSwenny of St. Francis de Sales Church as chairman and the Rev. E. P. Dempsey of St. Mary's Church, as vice-chairman.

This committee has the usual amount of sub-committees, one of which, the committee on supplies, housing and employment, is naturally the one that has the most work and is bound to have relations with the other agencies employed in distributing relief.

Father Yorke is the chairman of that committee.

The city was divided up into districts corresponding to the Catholic parishes and each church and some of the other institutions were made sub-stations, from which relief was supplied and is still being supplied to the needy. In order to eliminate waste and fix the responsibility, Father Yorke has a central staff which takes orders from each sub-station which fills these orders from the supplies at the disposal of the general committee and delivers them to the various sub-stations, from whence they are handed out to the needy. It is therefore his duty to obtain these supplies, and if these supplies cannot be obtained with such promptness as may be expected under the present distressing circumstances, he will be held responsible by his own people, and therefore it is his duty to use all legitimate means to see that there is no unnecessary delay or discrimination in the giving out of supplies. This is the sole reason for Father Yorke's appearance in the present case.

From the very beginning of the giving out of relief, complaints came with distressing frequency to the priests of the parishes that Catholics were refused relief at the Protestant churches and were turned away and told to go to the Catholic church. As there was no great damage done the people, the Catholic Relief Bureau simply took these manifestations of narrowness as evidences of excitement and overwork and paid no particular attention to them. The matter, however, went on growing worse and on

last Saturday the 28th, it was decided that Father Yorke should devote the Sunday and Monday the 29th and 30th to an investigation of the conditions and to try if possible to put a stop to these discriminations against the Catholic people, who were not asking for charity but who, being taxpayers, were simply trying to get their own from people who had undertaken to administer it for them. It may be well to observe here a few things concerning the organization of the so-called Citizens' Relief Committee of Oakland.

That committee was got together by a few people, mainly irresponsible. It had for its chairman Rev. E. E. Baker, a notorious anti-Catholic bigot. It was kept as a close corporation from the beginning and it was only after Father Yorke had made a protest to Mr. Mott, the Mayor, that his people had not received representation thereon, that he was appointed a member of the same. The letter appointing him was dated April 22d. It was received on April 25th. (Wednesday.) It was answered immediately by Father Yorke, stating that he would attend the meetings of the executive committee just as soon as possible. He was occupied on Catholic Relief work and the first day that he could attend was Sunday. He was informed that at 5 o'clock there would be no meeting the meeting for the relief of the poor having been postponed without information to absentees, to permit the Rev. Mr. Baker to orate at Adams Point. Monday therefore was the first day on which he could possibly attend to the meeting of the Relief Committee. On going to the committee at the Chamber of Commerce in the morning, Father Yorke found such a condition of antagonism there to his very just complaints that it would be necessary to bring the matter up formally at the public meeting.

He took six cases that had happened from Friday to Monday, that is, from April 27th to April 30th, inclusive. When he brought up the matter in the committee, it was plainly seen that the members did not want to hear the charges and the chorus of amens which came from every side when Father Yorke was heckled would lead one to believe that he was not in a public non-sectarian meeting, but that he was in the amen corner of some sectarian church. Against Father Yorke's

protest, because he wished that the thing should be settled then and there, a committee on complaints was formed to hear his charges. That committee on complaints met immediately after Father Yorke stated his charges and told them that by 4 o'clock the next day he would have the charges typewritten and substantiated by affidavits.

THE AFFIDAVITS.

On Tuesday at 4 o'clock Father Yorke presented the following to the Committee on Complaints:

To the Committee of Complaints of the Citizens' Committee of Oakland Relief, Oakland, California.

Gentlemen:—Rev. P. C. Yorke, Doctor in Sacred Theology, Rector of St. Anthony's Church, Oakland, and Regent of the University of California, is chairman of the Citizens' Committee of the Central Catholic Relief of Oakland. It is his duty to obtain supplies and distribute them to twenty stations under the charge of his organization.

He makes the following complaints to the Committee on Complaints of the Citizens' Committee of Oakland Relief.

First: That unnecessary difficulty and delay exists in the giving out of supplies.

To this, three specifications.

Secondly: That people are refused supplies and are otherwise inconvenienced because of their religion.

To this, three specifications.

First Charge: That unnecessary difficulty and delay exists in the giving out of supplies.

1. Joseph Rosborough is acting under Father Yorke and has authority to receive supplies from the General Committee. At the East Oakland station, on Friday, April 27, between 4 and 5 o'clock in the afternoon, Mr. Garcia, who was sent by Mr. Rosborough to get supplies was refused. Mr. Blankart, who was in charge, stating that he had received orders not to deliver any more to Mr. Rosborough.

2. On Sunday, April 29, the East Oakland station was closed, a sign on the door saying "closed on Sunday." Soldiers were in charge, having orders not to deliver goods to anyone.

3. Mr. T. J. Walsh, who took Mr. Rosborough to the Central Committee, was delayed from one and one-half to two hours by the unwillingness of the persons at the Chamber of Commerce to honor his requisition.

Second charge: The people are refused supplies and are otherwise inconvenienced because of their religion.

1. Lopez, a student of St. Patrick's Seminary, Menlo Park, went to the Chamber of Commerce on Saturday, April 28, and asked to be employed as a stevedore. He was informed there, to his surprise, that Father Yorke, who had \$25,000 for Catholic refugees.

2. Five persons, Italian, French and Slav, on applying at the Chamber of Commerce on Monday morning, April 30, for blankets, were refused, and were told to go to the Catholic priest, who had blankets for them.

3. A Mrs. Boccali, after standing in line for two hours, was stopped at the door of the Chamber of Commerce by a person bearing a badge of the Citizens' Committee, and on hearing that she was a Catholic, put his hands on her shoulders and told her to get out of line and to go to the priest and get what she wanted.

All of these specifications are hereby justified by the annexed affidavits.

P. C. YORKE, S. T. D.

Charge One, Specification One.

Frank Garcia, residing in Oakland, Alameda county, California, being duly sworn, deposes and says that he received a requisition from J. J. Rosborough on Friday, April 27, 1906, for supplies for the Catholic Central Relief Committee, that he presented this requisition between 4 and 5 o'clock in the afternoon at the East Oakland supply station, and that he was refused the supplies.

Charge One, Specification Two.

Joseph Rosborough, residing in Oakland, California, being duly sworn, deposes and says that he has been acting under Father Yorke and his authority to receive supplies from the General Relief Committee; that Mr. Garcia, who went with a requisition signed by J. J. Rosborough for supplies in East Oakland, where Mr. Blankart was in charge, was refused supplies, stating that he had received orders not to deliver any more under Mr. Rosborough's signature.

Charge One, Specification Three.

Joseph Rosborough, residing in Oakland, California, being duly sworn, deposes and says that on Sunday, April 29, the East Oakland station was closed, that soldiers were in charge, having orders not to deliver goods to anyone.

Charge One, Specification Four.

Joseph Rosborough, being duly sworn, deposes and says that T. J. Walsh, who took Mr. Rosborough's orders to the Central Committee, was delayed unnecessarily from one to one and one-half and two hours by the unwillingness of the persons at the Chamber of Commerce to honor his requisition.

Charge Two, Specification One.

Cesar Lopez, being duly sworn, deposes and says that he was a student at St. Patrick's Seminary, Menlo Park; that owing to the injury done to the seminary by the earthquake a vacation was declared; that he wishes to take this opportunity of returning to his native place, Ecuador; that he arrived in Oakland on Saturday, April 28; that he went to the Chamber of Commerce building, that he went to the information bureau and asked for information as to

the best way to get a steamer to take him to his destination. Dependent further states that they gave him a document written in pencil as follows: "St. Mary's Church, etc. Father Yorke has \$25,000 for Catholic refugees. the original of which is hereto annexed and which I hereby identify as the document given to me by a man at the information bureau."

Charge Two, Specification Two.

Rev. E. P. Dempsey, Bachelor in Sacred Theology, Rector of St. Mary's Church, Oakland, being duly sworn, deposes and says that he is the vice-president of the Central Catholic Relief Committee of Oakland, that on the 30th of April, about 9 o'clock in the morning, after noticing an unusual number of applicants for blankets appearing at this station, where there was no supply of blankets, he set aside five for particular investigation to find out why they were coming at this time and where they got the notes which they held in their hands containing the address of St. Mary's Church. These five persons were one Frenchman, two Italians and two Slav, who spoke perfect English, and it could not be judged by the outward appearance that they were anything but Anglo-Saxon stock. The first stated that he was asked where he was born, and having replied that he was born in France, he said you must be a Catholic to go to the Catholic Church. The second gave the same answer, and because they were supposed to be Catholics from their nationality they were refused blankets at the Chamber of Commerce and were told to go hunt them at the house of the Catholic priest who received blankets for them. Dependent further states that the blankets received from the Chamber of Commerce were delivered on the fourth day after the earthquake, that these 150 blankets were used in accommodating for twelve days 450 people a night, in total 600 people, of every condition in life, of every creed and color and of every color; that no station has ever been asked in this sub-station what his religion, creed or color was.

Charge II, Specification 1.

Rev. E. P. Dempsey, Bachelor in Sacred Theology, Rector of St. Mary's Church, Oakland, being duly sworn, deposes and says that on the day of April, he was called to the door of the Parochial house, his residence, by a woman speaking perfect English but of Italian nationality, that she gave her name as Mrs. Boccali, and stated that she had come to the Chamber of Commerce and had stood in line for a long while to obtain a pair of blankets, that having arrived at the door, a person standing there, male, wearing the words J. O. U. A. M., which the deponent believes to signify Junior Order of United American Mechanics, put his hands upon her shoulders, asked her what church she frequented, and having learned that she frequented the Catholic Church, made her stand out of line and go to her priest to get relief. The woman was weeping bitterly and seemed heartbroken at the treatment she had received. In company with Father Yorke, I took the woman to the Chamber of Commerce, placed her in the hands of Mr. Edoff, for whom she identified the man who had so roughly treated her, and he, when asked why he had performed such an act, stated that he had received orders, and refused to state from whom.

Charge II, Specification 4.

Rev. P. C. Yorke, Doctor in Sacred Theology, Rector of St. Anthony's Church, Oakland, and Regent of the University of California, being duly sworn, deposes and says that he was at the Parochial house of St. Mary's Church and was called by Rev. E. P. Dempsey to see a certain Italian woman who gave her name as Mrs. Boccali, and who stated to Father Dempsey in my hearing that she had stood in line for a long while at the Chamber of Commerce looking for a blanket, and keeper there put his hands upon her shoulders and told her to stand aside because she was a Catholic and told her to go to her priest for what she wanted. Dependent further states that he accompanied the woman and Father Dempsey to the Chamber of Commerce and was present when she identified a man bearing a badge of the Junior Order of United American Mechanics as the person who had refused her, that on May 1st, at five minutes of 11 o'clock in the morning, I also saw the same man still acting as doorman at the Chamber of Commerce; that I there made a special study of societies, fraternal and otherwise, in the United States, and that I know that the Junior Order of United American Mechanics is one which imposes an obligation upon its members to curb, keep down and impede in every way persons of the nationality and religion of Mrs. Boccali.

On presenting these charges to the committee, Father Yorke requested that they follow a course of procedure as he wished to call witnesses and examine witnesses and sift the thing to the bottom thoroughly. The committee refused to inform Father Yorke of what course of procedure they intended to pursue or accommodate him in any way so that he might be able to make an argument on the charges with which he had furnished them, and intimated that they had already judged the case, even before they received the charges from Father Yorke. At the meeting of the Relief Committee Tuesday night, two of the members, Rabbi Friedlander and Mr. Fogarty, tried to resign from the Committee of Complaints, but were persuaded to remain on the Chairman intimating that he would be ready to present a full report on the charges at the next meeting. As Father Yorke had received no intimation from the committee that they wanted to hear testimony or cross-examine their witnesses, the committee evidently not acting as a Committee of Defense, he addressed the following letter to each of the committee.

GIVES NOTICE.

ST. ANTHONY'S CHURCH.

Oakland, Wednesday, May 3, 1906.

"Sir: I beg formally to give you notice that the charges and affidavits that I presented to the committee of which you are a member, are only the beginning of this case, I wish to call witnesses, to examine your witnesses and to make an argument on the facts established. This case is more serious than you appear to imagine. It involves the refusal of public money to the worthy, for which refusal our Executive Committee will be held responsible, not only before the outraged conscience of the civilized world, but by the United States Government.

"I therefore again protest formally to you individually and to the committee as a whole against any attempt to sidestep the responsibility by a premature report, or to evade your duty by premature resignations. Yours truly,

"P. C. YORKE."

In reply to this, the committee insisted on making a report. The committee reported that they had received from Father Yorke charges and specifications, together with affidavits, which were put up in proper form. These were the first and only complaints received by the committee. Mr. Morrow, Chairman of the committee, then proceeded to read a number of letters which he said he received from the heads of the department. Objection was made at this point by some of the members of the committee to the reading of the letters and after long debate it was decided to read the letters. Mr. Morrow began by reading a letter from Mrs. Pierce. Father Yorke declared that Mrs. Pierce's name was not mentioned in the specifications and that her department was not charged with any wrong. Mr. Morrow continued to read the letter. Father Yorke again objected to dragging another man's name into this affair. Mr. Morrow still continued to read the letter. Father Yorke stated that any man who tried to drag a woman's name into such an affair as this where not himself nor her committee had been charged, was merely trying to shelter themselves behind a woman's skirts and were no gentlemen. Morrow still continued to read the letter. Father Yorke stated there were two charges and six specifications and that it was entirely out of order that any letter not dealing with these specifications should be read, that his complaints were there and that they should answer them. It was then decided to rescind the former action and not read the letter. The report of the committee was then read and the conclusion was that the charges made by Father Yorke were the first and only complaints brought before the committee, that they dealt with mistakes that are bound to occur in an affair like this, that they were only of a trivial character, and that they did not occur at all.

MOTION MADE.

A motion was made that the committee's report be accepted and the committee discharged. Father Yorke spoke to the motion and stated that he knew that his appearance there was to a great extent for them like a red rag to a bull, and that he did not expect to have a motion that they would place any confidence in what he would say, but at the same time they were a public committee of which he was a member, that the matter was for more than they imagined, that no man was a judge of his own case and that the future tribunal in this was the people of the United States.

He called attention then to the facts.

FIRST—That he had placed these charges and specifications in perfect form before the committee, supplying affidavits with specifications and also with affidavits, so that the whole matter was entirely on a legal standing which the chairman of the committee himself acknowledged to be true.

SECONDLY—That the reports which the committee had tried to read were entirely irrelevant, that they had nothing to do with the charges, were merely letters which, not being authenticated, could have no particular standing as evidence, and therefore that the evidence presented by Father Yorke and the letters presented by the committee were not on the same plane and that the committee in this case was evidently not a committee desiring to find out the truth, but was merely a committee trying to shield persons whom Father Yorke had accused.

THIRDLY—That a letter had been sent by Father Yorke to each member of the committee on complaints, in which he demanded that witnesses be examined and that a case be stated before the committee, and that no report be sent, in until that was done. This was also refused.

FOURTHLY—Therefore, he demanded that before this report be received or acted upon that there be a full and fair investigation, that every side be heard and that the man in Oakland would be more pleased than himself to find out that the charges were untrue, but that he did not intend to be put in the position of a lamb being tried for its life before a jury of big game.

Mr. Jones got up in an excited manner, said he was a fair man, and that the charges could not be true because Father Yorke had said they were not gentlemen.

Certain man, whose name we do not know, got up and said, as he said, to resign, one of the stranger questions of privilege he said had the right of way before all other motions, and that question of privilege was to make a motion that Father Yorke be requested to resign, one of the stranger questions of privilege known to parliamentary law. Mr. Baker announced that this was a question of privilege, and being a question of privilege there could be no debate, stated it, and said therefore that Father Yorke should be summarily voted upon without being given a chance to say a word in his own behalf.

Called for vote.

He called for the ayes and nays and announced that the ayes had it. Then Father Yorke demanded a roll call. Ten men voted aye, and three voted no, Edoff, Yorke and Petrie. Every man that voted no made an explanation except Father Yorke. Four refused to vote, Ewer, Fogarty, Jones and Stearns. Thirteen were absent. Father Yorke objected to the roll call, that the secretary did not know what names were on or were not on the roll, that as a matter of fact they had no roll call, and that they did not know who was a member of the committee. Mr. Baker ruled Father Yorke out of order and threatened to call the sergeant-at-arms to put him out. The roll call was announced by the secretary, whose incompetency or incapacity Father Yorke has been compelled to rebuke every reading of the minutes. He announced his figures.

These figures were entirely inaccurate and Father Yorke challenged the tally, stating that no one had been appointed to keep tally and that the

the best way to get a steamer to take him to his destination. Dependent further states that they gave him a document written in pencil as follows: "St. Mary's Church, etc. Father Yorke has \$25,000 for Catholic refugees. the original of which is hereto annexed and which I hereby identify as the document given to me by a man at the information bureau."

Charge Two, Specification Two.

Rev. E. P. Dempsey, Bachelor in Sacred Theology, Rector of St. Mary's Church, Oakland, being duly sworn, deposes and says that he is the vice-president of the Central Catholic Relief Committee of Oakland, that on the 30th of April, about 9 o'clock in the morning, after noticing an unusual number of applicants for blankets appearing at this station, where there was no supply of blankets, he set aside five for particular investigation to find out why they were coming at this time and where they got the notes which they held in their hands containing the address of St. Mary's Church. These five persons were one Frenchman, two Italians and two Slav, who spoke perfect English, and it could not be judged by the outward appearance that they were anything but Anglo-Saxon stock. The first stated that he was asked where he was born, and having replied that he was born in France, he said you must be a Catholic to go to the Catholic Church. The second gave the same answer, and because they were supposed to be Catholics from their nationality they were refused blankets at the Chamber of Commerce and were told to go hunt them at the house of the Catholic priest who received blankets for them. Dependent further states that the blankets received from the Chamber of Commerce were delivered on the fourth day after the earthquake, that these 150 blankets were used in accommodating for twelve days 450 people a night, in total 600 people, of every condition in life, of every creed and color and of every color; that no station has ever been asked in this sub-station what his religion, creed or color was.

Charge II, Specification 1.

Rev. E. P. Dempsey, Bachelor in Sacred Theology, Rector of St. Mary's Church, Oakland, being duly sworn, deposes and says that on the day of April, he was called to the door of the Parochial house, his residence, by a woman speaking perfect English but of Italian nationality, that she gave her name as Mrs. Boccali, and stated that she had come to the Chamber of Commerce and had stood in line for a long while to obtain a pair of blankets, that having arrived at the door, a person standing there, male, wearing the words J. O. U. A. M., which the deponent believes to signify Junior Order of United American Mechanics, put his hands upon her shoulders, asked her what church she frequented, and having learned that she frequented the Catholic Church, made her stand out of line and go to her priest to get relief. The woman was weeping bitterly and seemed heartbroken at the treatment she had received. In company with Father Yorke, I took the woman to the Chamber of Commerce, placed her in the hands of Mr. Edoff, for whom she identified the man who had so roughly treated her, and he, when asked why he had performed such an act, stated that he had received orders, and refused to state from whom.

Charge II, Specification 4.

Rev. P. C. Yorke, Doctor in Sacred Theology, Rector of St. Anthony's Church, Oakland, and Regent of the University of California, being duly sworn, deposes and says that he was at the Parochial house of St. Mary's Church and was called by Rev. E. P. Dempsey to see a certain Italian woman who gave her name as Mrs. Boccali, and who stated to Father Dempsey in my hearing that she had stood in line for a long while at the Chamber of Commerce looking for a blanket, and keeper there put his hands upon her shoulders and told her to stand aside because she was a Catholic and told her to go to her priest for what she wanted. Dependent further states that he accompanied the woman and Father Dempsey to the Chamber of Commerce and was present when she identified a man bearing a badge of the Junior Order of United American Mechanics as the person who had refused her, that on May 1st, at five minutes of 11 o'clock in the morning, I also saw the same man still acting as doorman at the Chamber of Commerce; that I there made a special study of societies, fraternal and otherwise, in the United States, and that I know that the Junior Order of United American Mechanics is one which imposes an obligation upon its members to curb, keep down and impede in every way persons of the nationality and religion of Mrs. Boccali.

On presenting these charges to the committee, Father Yorke requested that they follow a course of procedure as he wished to call witnesses and examine witnesses and sift the thing to the bottom thoroughly. The committee refused to inform Father Yorke of what course of procedure they intended to pursue or accommodate him in any way so that he might be able to make an argument on the charges with which he had furnished them, and intimated that they had already judged the case, even before they received the charges from Father Yorke. At the meeting of the Relief Committee Tuesday night, two of the members, Rabbi Friedlander and Mr. Fogarty, tried to resign from the Committee of Complaints, but were persuaded to remain on the Chairman intimating that he would be ready to present a full report on the charges at the next meeting. As Father Yorke had received no intimation from the committee that they wanted to hear testimony or cross-examine their witnesses, the committee evidently not acting as a Committee of Defense, he addressed the following letter to each of the committee.

GIVES NOTICE.

ST. ANTHONY'S CHURCH.

Oakland, Wednesday, May 3, 1906.

"Sir: I beg formally to give you notice that the charges and affidavits that I presented to the committee of which you are a member, are only the beginning of this case, I wish to call witnesses, to examine your witnesses and to make an argument on the facts established. This case is more serious than you appear to imagine. It involves the refusal of public money to the worthy, for which refusal our Executive Committee will be held responsible, not only before the outraged conscience of the civilized world, but by the United States Government.

"I therefore again protest formally to you individually and to the committee as a whole against any attempt to sidestep the responsibility by a premature report, or to evade your duty by premature resignations. Yours truly,

"P. C. YORKE."

In reply to this, the committee insisted on making a report. The committee reported that they had received from Father Yorke charges and specifications, together with affidavits, which were put up in proper form. These were the first and only complaints received by the committee. Mr. Morrow, Chairman of the committee, then proceeded to read a number of letters which he said he received from the heads of the department. Objection was made at this point by some of the members of the committee to the reading of the letters and after long debate it was decided to read the letters. Mr. Morrow began by reading a letter from Mrs. Pierce. Father Yorke declared that Mrs. Pierce's name was not mentioned in the specifications and that her department was not charged with any wrong. Mr. Morrow continued to read the letter. Father Yorke again objected to dragging another man's name into this affair. Mr. Morrow still continued to read the letter. Father Yorke stated that any man who tried to drag a woman's name into such an affair as this where not himself nor her committee had been charged, was merely trying to shelter themselves behind a woman's skirts and were no gentlemen. Morrow still continued to read the letter. Father Yorke stated there were two charges and six specifications and that it was entirely out of order that any letter not dealing with these specifications should be read, that his complaints were there and that they should answer them. It was then decided to rescind the former action and not read the letter. The report of the committee was then read and the conclusion was that the charges made by Father Yorke were the first and only complaints brought before the committee, that they dealt with mistakes that are bound to occur in an affair like this, that they were only of a trivial character, and that they did not occur at all.

MOTION MADE.

A motion was made that the committee's report be accepted and the committee discharged. Father Yorke spoke to the motion and stated that he knew that his appearance there was to a great extent for them like a red rag to a bull, and that he did not expect to have a motion that they would place any confidence in what he would say, but at the same time they were a public committee of which he was a member, that the matter was for more than they imagined, that no man was a judge of his own case and that the future tribunal in this was the people of the United States.

He called attention then to the facts.

FIRST—That he had placed these charges and specifications in perfect form before the committee, supplying affidavits with specifications and also with affidavits, so that the whole matter was entirely on a legal standing which the chairman of the committee himself acknowledged to be true.

SECONDLY—That the reports which the committee had tried to read were entirely irrelevant, that they had nothing to do with the charges, were merely letters which, not being authenticated, could have no particular standing as evidence, and therefore that the evidence presented by Father Yorke and the letters presented by the committee were not on the same plane and that the committee in this case was evidently not a committee desiring to find out the truth, but was merely a committee trying to shield persons whom Father Yorke had accused.

THIRDLY—That a letter had been sent by Father Yorke to each member of the committee on complaints, in which he demanded that witnesses be examined and that a case be stated before the committee, and that no report be sent, in until that was done. This was also refused.

FOURTHLY—Therefore, he demanded that before this report be received or acted upon that there be a full and fair investigation, that every side be heard and that the man in Oakland would be more pleased than himself to find out that the charges were untrue, but that he did not intend to be put in the position of a lamb being tried for its life before a jury of big game.

Mr. Jones got up in an excited manner, said he was a fair man, and that the charges could not be true because Father Yorke had said they were not gentlemen.

Certain man, whose name we do not know, got up and said, as he said, to resign, one of the stranger questions of privilege he said had the right of way before all other motions, and that question of privilege was to make a motion that Father Yorke be requested to resign, one of the stranger questions of privilege known to parliamentary law. Mr. Baker announced that this was a question of privilege, and being a question of privilege there could be no debate, stated it, and said therefore that Father Yorke should be summarily voted upon without being given a chance to say a word in his own behalf.

Called for vote.

He called for the ayes and nays and announced that the ayes had it. Then Father Yorke demanded a roll call. Ten men voted aye, and three voted no, Edoff, Yorke and Petrie. Every man that voted no made an explanation except Father Yorke. Four refused to vote, Ewer, Fogarty, Jones and Stearns. Thirteen were absent. Father Yorke objected to the roll call, that the secretary did not know what names were on or were not on the roll, that as a matter of fact they had no roll call, and that they did not know who was a member of the committee. Mr. Baker ruled Father Yorke out of order and threatened to call the sergeant-at-arms to put him out. The roll call was announced by the secretary, whose incompetency or incapacity Father Yorke has been compelled to rebuke every reading of the minutes. He announced his figures.

These figures were entirely inaccurate and Father Yorke challenged the tally, stating that no one had been appointed to keep tally and that the

figures announced were not true. He was again ruled out of order and another appeal was made to the Sergeant-at-Arms. Father Yorke then demanded of Mr. Baker to state the motion before announcing the result. On the motion being stated, Jones changed his vote from refusal to vote to aye and then moved for reconsideration. Mr. Baker sat impartially on the request of the committee and in his great pleasure to refuse to resign. Mr. Baker then said "This is just what we wanted. Father Yorke has solved the problem by not making himself a martyr."

MOTION TO ADJOURN.

A motion to adjourn was made and carried, and the meeting having adjourned, Father Yorke stated to Mr. Baker that it was a moral and physical impossibility for a man to be made a martyr by a police. Mr. Baker said to Father Yorke that he seemed to know a great deal more about police than anything else. Father Yorke replied "Yes, Mr. Baker, and that is the reason why I am so intimately acquainted with you."

P. C. YORKE.

Too Late for Classification

WRIGHT—In Oakland, May 3d, 1906, Mrs. Alice A. Wright, only daughter of Mrs. G. W. Alburn of this city, a native of Pennsylvania, aged 72 years, 27 days.

BECOMING A MOTHER

Is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth. The thought of the suffering and danger in store for her, robs the expectant mother of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of Mother's Friend during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does Mother's Friend carry women safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other discomforts of this period. Sold by all druggists at \$1.00 per bottle. Book containing valuable information free.

BUSINESS DISTRICTS BEING ESTABLISHED

SAN FRANCISCO, May 3.—Gradually the various branches of business are definitely locating. It has been practically agreed by the larger wholesalers to cluster around the terminals of the Southern Pacific, Santa Fe and Western Pacific railroads in the southeastern quarter of the city. Switches and spur tracks are to be built for their accommodation. Leases, at a nominal rent, will be renewable annually.

As many of the larger and more modern office buildings are still intact in the California, Montgomery, Market, Grant avenue and Mission districts, and their repair for occupation can be speedily accomplished, it is already foreshadowed that this section will be restored largely to office business. In fact, in some of these buildings, the tenants who occupied rooms there before the earthquake and first have resumed business at the old stand.

The wholesale dairymen have located at Lombard street wharf. Dealers in fresh fruits and vegetables are quartered at Greenwich street wharf. These locations are regarded, however, as temporary only, owing partly to the long haul to reach the retail district and partly to the difficulties encountered by retailers in obtaining information concerning where they can obtain the supplies they want.

For a long time to come, and possibly permanently, Fillmore street has, through sheer force of circumstances, developed into an important retail street. In fact, all kinds of businesses are at present locating there or seeking a location in its neighborhood. Some of them are soon to migrate, of course, as soon as facilities are provided in the old business center. This is particularly the case with the banks which are already preparing to restore their buildings on the old sites.

Van Ness avenue is, however, suddenly becoming the rival to Fillmore street as a retail thoroughfare. Many of the leading retail stores have already located there. But, in doing so, what a transformation is taking place in that formerly ultra-aristocratic thoroughfare. The great and costly palaces of San Francisco's former patrician population are being remodeled to suit the practical wants of the new business tenant. Lawns, flower beds, shrubbery, statuary and other evidences of wealth, luxury, artistic ease and domestic comfort are being ruthlessly abandoned to conform with the necessities of the new conditions. Van Ness avenue will, therefore, nevermore be a fashionable residence quarter.

WILD TIME IN STOCKS

NEW YORK, May 3.—Not since the Northern Pacific panic of May 9, 1901, has there been such a spectacular decline in prices on the Stock Exchange as there was yesterday. Heavy selling almost regardless of the prices offered, began with the opening of the market and from that time till near the close the tone generally was weak.

There were rallies from time to time, when the bears bought stocks to cover the sales they had made at high prices, when some strong financial interests sent in buying orders to protect shares in which they were interested, but each rally except the last one, just before 3 o'clock, was followed by a resumption of the selling movement.

HEAVY TRADING.
The day's trading was extremely heavy, rising to the total of 2,445,000 shares. Nearly 700,000 shares of stocks changed hands in the first hour of trading. Considerable excitement marked the opening of the Exchange. The market decline had prepared the brokers for lower prices and heavy transactions and the attendance on the floor was unusually large. It was known that the commission houses had heavy orders to dispose of securities as early as possible, and also that there were forced sales to meet where customers carrying on margin had failed to respond to calls for more funds.

LOW RECORDS.
Within a few minutes after the trading began many stocks touched new low records for the year. There was much confusion, as it seemed that every broker had orders to sell and was anxious to get rid of his stock without a moment's delay. At first the interest centered in the half dozen stocks which have been the market leaders in the past. Anaconda, which closed the night before at 24 1/2, opened at 24 1/2, and immediately sold at 23 1/2. Loss of fourteen points. Northern, which closed at 14 1/2, Tuesday at 13 1/2, opened at 13 1/2, and on a "running sale" sold at 12 1/2, then back to 13 1/2 and 13 1/2. Amalgamated copper opened at 89 1/2 to 89, as compared with 100 1/2 at the close Tuesday, and Union Pacific, which closed Tuesday at 112, first appeared yesterday at 112, 111 1/2, 110, 109, 108, 107, 106, 105, 104, 103, 102, 101, 100, 99, 98, 97, 96, 95, 94, 93, 92, 91, 90, 89, 88, 87, 86, 85, 84, 83, 82, 81, 80, 79, 78, 77, 76, 75, 74, 73, 72, 71, 70, 69, 68, 67, 66, 65, 64, 63, 62, 61, 60, 59, 58, 57, 56, 55, 54, 53, 52, 51, 50, 49, 48, 47, 46, 45, 44, 43, 42, 41, 40, 39, 38, 37, 36, 35, 34, 33, 32, 31, 30, 29, 28, 27, 26, 25, 24, 23, 22, 21, 20, 19, 18, 17, 16, 15, 14, 13, 12, 11, 10, 9, 8, 7, 6, 5, 4, 3, 2, 1, 0.

DEMORALIZATION.
At noon support seemed to have been entirely withdrawn and there was absolute demoralization. Nobody seemed to want stocks at any price, and they were thrown over so fast that tickers tape was from five to ten minutes behind in reporting the sales. There was another rally at 12:15 o'clock, but this was followed by a drive against Reading, which carried it down to 112. After 2 o'clock it appeared that there was no further liquidation in sight and prices rallied to the best of the day, and there was no definite news account for the heavy selling and consequent collapse in prices.

SHOW HORSES ARE SOLD AT AUCTION.

NEW YORK, May 3.—A notable consignment of harness and saddle horses was sold at auction here last night, bringing an excellent average price. The consignment was from Kentucky, from the stock farm of R. B. Harrison. The top price was paid by W. Ross for the show horse Little Acorn, a gelding, which brought \$1250. J. H. Jewett paid \$1025 for the heavyweight show horse Big Oak, while among the other purchasers were E. F. Whitney and D. Brown, who paid \$1250 for the pacer Escort and Gallant S. P. Pink, who bought Ben Greet for \$700; H. Porter, John, \$500, and W. A. McWhorter, Senator, \$700.

HERE IS RELIEF FOR WOMEN

If you have pains in the back, urinary bladder or kidney trouble and want a certain, pleasant herb cure for Women's Ills, try Mother Gray's AUSTRALIAN LAXATIVE. It is a safe monthly regulator and cures all Female Weaknesses, including inflammation and ulcerations. Mother Gray's Australian-Laxative is sold by Druggists or sent by mail for 50 cents. Sample sent FREE. Address The Mother Gray Co., Le Roy, N. Y.

HOSPITAL AT PARK

SAN FRANCISCO, May 3.—Officers connected with the medical department of the regular army have been putting into practice the experience gained in the camps established on the Atlantic Coast during the Spanish-American war of 1898. Surgeons and assistants who tended the dying and the sick when typhoid fever and other maladies decimated the regiments in camp at Jacksonville, Camp Alger and Savannah have been safeguarding the health of San Francisco's stricken thousands ever since the earthquake, and sanitary regulations have been provided in accordance with the bitter lessons taught during that period.

FIELD HOSPITAL.
As a part of the general system of army relief there has been established in Golden Gate Park a complete regimental field hospital, probably the first that has ever been created in this city. A detail of 100 men, under command of Captain H. L. Ghicrist, constitutes the administrative force, and the hospital will have a capacity of 300 patients, although but eighty have been received to date. Captain Ghicrist received yesterday a consignment of the odorous excavator troughs invented by Major Reed and which are pronounced the highest type of sanitary convenience. The system will be installed by tomorrow evening.

HACKED HIS THROAT.
One of the patients at the hospital is a man seventy years of age who, on Tuesday last, had a most remarkable recovery. A delicate surgical operation saved his life, and the would-be suicide, with a silver tube serving as a windpipe, is making progress toward recovery.

POPULAR ELK CLAIMS A BRIDE.

William James O'Neill and Daisy Estella Franklin got their marriage license today. When they came into the office of the county clerk they deposited their grip just inside the outer door, where it was supposedly out of sight of the clerks, and proceeded nonchalantly to business. But the clerks at the marriage license desk knew "Billy," so while "Cupid" Johnson engaged the two in conversation someone made a little addition to their luggage and arranged a little celebration in advance when they should go out. The addition was in red ink on pure white paper, added to the suit case, and read: "To be married soon." A burst of hand-clapping signaled their reception of it. O'Neill is a popular Southern Pacific railroad conductor on the line to Sacramento, a member of the Elks, and chairman of the ball of the Order of Railway Conductors to be held at Red Hall. His bride is a refugee from San Francisco, who has now a new home in Oakland.

REFUGEE INJURED TRYING TO HELP.

Hard luck continues following James Leonard, a burned-out refugee from San Francisco, who formerly lived at 2147 Market street. He is a hod-carrier by business, and to be helpful yesterday he attempted to life a barrel of cement off a wagon; but it slipped and fell on his neck, breaking his collarbone. The Receiving Hospital treated him.

LADIES, ATTENTION!

We have a full line of human hair goods, pompadours, wigs, toupees, etc. All kinds of hair work, shampooing, manicuring and facial massage. Loh's Hair Store, 528 Fourteenth street.

SHOCK INJURED C. N. RAILROAD

NAPA, Cal., May 3.—The California Northwestern Railroad, which operates between Napa, San Rafael, Santa Rosa and Ukiah, was seriously damaged in the great earthquake. The drawbridge across Petaluma creek, between Napa and San Rafael, was wrecked, the machinery of the draw being badly damaged. The long trestle near the drawbridge was also wrecked by the earthquake shock.

No trains ran between Napa and San Rafael for two weeks after the earthquake and traffic to Santa Rosa was also interfered with. The drawbridge and trestle have been temporarily repaired and yesterday traffic between Napa and San Rafael was resumed by passenger trains.

Mistake of Their Lives.
We sell new, clean furniture. Some people are not aware of it, but it is a fact. Our prices are 40 cents less on the dollar. See us at corner store, 11th and Franklin streets. H. Schellhaas

THE GUIDE

REAL ESTATE.
CARMAN'S COLUMN
There will be fortunes made by investing in San Francisco, Oakland, Berkeley and Alameda, and their foundations are being now in land and buildings for rental offers a great field. Keep your head NOW, don't sacrifice; property will advance; everything shows that.
I would like a little chat with you, any time. Come now. No charge for anything until a sale or rental is made, and then an exact, moderate commission. Today two excellent buys at Hayward.
An investment for hotel in thriving town, under very favorable terms.
Capital wanted for a new paving brick, a money-maker.
A large central lot for long lease for warehouse; tenant or owner will build.
A beautiful home to rent; bathing beach; lovely grounds; large, roomy, quick but quickly reached; furnished or not.
A choice place for sanitarium in Oakland; very reasonable; accessible; quiet; shady and sunny.
Distracted property-owners, have five minutes' talk; it will pay us.

Warehouse Site
\$5500 corner, 100x70, 4th st. near Broadway.
\$7500 corner, 75x70, 4 blocks from business center, occupied by three tenements, of 18 rooms.

14 Room House
\$3500, in good condition, on Jackson st., right in town, just the thing for rooming house, would rent for \$350 or more.

3500—New, strictly modern residence, 7 large rooms; lot 25x110; sunny side of street; 4 blocks from postoffice and in location where ground is fast increasing in value.

3500—Handsome 7-room residence; large basement; completely furnished; large corner lot; beautiful palms and ornamental trees; situate in Piedmont district; owner leaving city; must sell.

3500—Nearly 4 acre corner lot with nice 6-room cottage, this is located in a fine suburban residence section within a few minutes' ride of 12th and Broadway.

C. J. Stovel Realty Co.
BACON BLDG. CORNER WASHINGTON AND 12TH STREETS.

TO LEASE—San Francisco property for sale. San Francisco property for sale. San Francisco property for sale.

FOR LEASE—Two business sites on San Pablo ave., Oakland, and warehouse site near tidal Canal, unimproved. A. P. St. Pivo, with Shook & Church, Blake & Moffitt Bldg., Oakland, Cal. u

BEAUTIFUL residence, with stable, marm and barnyard, in Piedmont district, lot 27x100; will be exchanged for San Francisco business property. Address J. S. M. Tribune office. u

PHOTOGRAPHS OF THE RUINS OF THE MEMORIAL ARCH, THE BEAUTIFUL CHAPEL AND THE COLOSSAL GYMNASIUM OF STANFORD UNIVERSITY.

FLINT'S IDEAS

Senator Frank Flint in a letter to George F. Patton has this to say about San Francisco:

I am very glad to learn from telegraphic dispatches that Burnham is to visit San Francisco and in conjunction with the Citizens Committee which is a very strong one has undertaken to beautify the city and lay it out along new lines. Every one should work on this end. Market street should be made a great boulevard and have direct connection with another boulevard extending to the park as outlined in Burnham's reports.

I have a suggestion to offer in reference to the future protection from fire of the City of San Francisco which was called to my attention by a very eminent engineer and that is that there should be connected with the fire department a system of surface pipes so that in the event of the destruction of the water pipe in the city these pipes could be laid upon the surface saving the loss of life and be run from the bay to the fire. I have no doubt that men of ability and vision that will be adopted that will protect the people that the city will be saved from fire in the future. The general impression throughout the East is that the damage from the earthquake was merely normal and that the steel framework of buildings withstood the earthquake. I consider this very important as it will result in Eastern capital investing in San Francisco providing they are assured of fire protection.

Sciatica Cured After Twenty Years of Torture

For more than twenty years Mr. J. B. Mason, of 322 Clinton street, Minneapolis, Minn., was tortured by sciatica. The pain and suffering which he endured during this time is beyond conception. Nothing gave him any permanent relief until he read of the "Pain Expeller" in the "Pain Expeller" magazine. He at once ordered a bottle of "Pain Expeller" and after using it for a few days he was able to get up and move about. He writes: "I feel like a new man now. I can do my work and am free from the pain which has been my constant companion for twenty years. I feel like a new man now. I can do my work and am free from the pain which has been my constant companion for twenty years."

San Francisco, Cal.

HOW H. OELRICHS GOT TO CHICAGO

CHICAGO, May 3.—Herman Oelrichs of New York came to Chicago on a scrap of paper. The scrap of paper was roughly torn was two inches square but upon it in leadpencil were written these words:

Pass Herman Oelrichs and servant to Chicago upon all lines this paper to serve in lieu of tickets.—L. H. Harriman.

I went to Oakland Tuesday morning explained Mr. Oelrichs and there I saw Ned Harriman. I went to go to New York said I and my money is all in the debris covered vaults. Take this paper and rushed.

Mr. Oelrichs said: It was heaven and hell combined in San Francisco to produce chaos. I have a bad foot but I forgot it and walked twenty miles that day helping all I could. Mayor Schmitz had a meeting in the afternoon at the shaking Hall of Justice and appointed a committee of fifty of which I was one.

Here is the paper he gave me which together with my policeman's star and clip I shall hand down to my son as heirlooms.

MAJORS OFFICE SAN FRANCISCO, April 12.—The better is a member of the relief and restoration committee of law and order and is invested with the

same powers that I possess and you are, therefore, notified to give him every assistance possible in the performance of his duty and cheerfully comply with any request he may make.

I am proud of that said Mr. Oelrichs. That is the Mayor's own signature and he has proved himself every inch a man. Lots of people thought he was just a rider but they think differently now.

Wednesday evening I went to take charge of Mrs. Eleanor Martin's house, 2044 Broadway. She is the mother of my niece's husband Peter Martin and is the Mrs. Astor of San Francisco. Thursday morning a sound of regular cannon and I asked them to quarter in the house. I entertained sixty men and eleven officers the first six days.

The regulars saved San Francisco. The militia got drunk and killed people. The hoodlums south of Market street were all burned out and they swarmed up in the next quarter. The report was that they meant to fire the houses of the rich. Every night a west wind blows from the Pacific and they meant to start the first at the west end. That had to be guarded against.

Mr. Oelrichs had fitted up apartments in the St. Francis Hotel packed with curio and rarities to the extent of \$300,000. These were all burned.

WILL START BIG CANNERY

SAN FRANCISCO, May 3.—Isidor Jacobs, President of the California Canneries Company, reported today that he had leased a block of land at Sixteenth and Channel streets and had secured over 300,000 feet of lumber. In a couple of days he will have 150 carpenters at work on the place and expects to have 800 girls working in the cannery in about two weeks.

The season for canning berries early fruits and vegetables is at hand and when the walls of the first story are up a temporary roof will be improvised and the cannery put in operation.

PERMITS TO OPEN SAFES

SAN FRANCISCO, May 3.—During a stay of an hour in his office at Fort Mason yesterday afternoon Mayor Schmitz signed over 100 applications for permits to open safes and vaults in the burned district. A long line formed in front of the building and the applicants were admitted one at a time recognized and then took the permit to the military secretary for endorsement.

In consequence of this Mayor Schmitz and General Greely have agreed that commencing today no more permits to open safes will be issued by the Mayor. Applicants must go to the sergeants or lieutenants of police in their own districts for the reason that they are more easily identified by the police officials. Permits issued by the police will be recognized by the military authorities throughout the burned district.

GIVE MONEY FOR RELIEF IN BERKELEY

SAN FRANCISCO, May 3.—The Finance Committee of the Citizens Relief Committee yesterday afternoon authorized \$3000 of the \$20,000 apportioned to Berkeley for relief work. F. W. Van Sickle asked an appropriation for Alameda but action was deferred pending the organization of a new district to include Alameda, Oakland and Berkeley. Ralph W. Hersey of San Jose informed the committee that his town asked nothing having found itself able to care not only for its own sufferers but for 25,000 refugees. Chairman Elian reported the arrival of two messengers from Ketchikan, Alaska, bearing \$500 for the relief fund.

BENEFIT FOR NEEDY

NEW YORK, May 3.—The program of the monster benefit for the San Francisco sufferers to be given at the Metropolitan Opera House tomorrow was completed last night. There are forty-five numbers on the bill and in order that all may appear the performance will be continued from 11 a. m. until midnight.

Jacob H. Schiff, treasurer of the Red Cross and San Francisco relief funds reports that since last public acknowledgment the combined amount of the two funds has reached \$416,883.

For the relief of the artists of San Francisco there will be a sale of contributed paintings and art works at the American Institute on May 7 and 8 under the auspices of the Artists Relief Committee of the city. The Vassar Students Aid Society's New York City branch will give a benefit entertainment for the relief of the San Francisco members of the Pacific Coast branch of the society at the Hotel Astor Saturday night.

Madame Eames has volunteered to sing at the benefit concert of the German Clubwomen of New York to be given in Carnegie Hall Monday night. Other artists will be Maude Powell, the violinist, Rafael Joseffy, pianist and David Bispan, baritone. Victor Herbert will direct an orchestra of sixty-five.

ARCHITECTS NOT WANTED

SAN FRANCISCO, May 3.—Rufus P. Jennings, secretary of the Citizens Committee, said today that some misapprehension evidently existed in the East upon San Francisco's immediate need for architects, contractors and draughtsmen.

The day following the earthquake Mayor Schmitz sent telegrams to a number of leading Eastern cities asking how many architects, contractors and draughtsmen were available in case they were needed. Mr. Jennings declared that the telegrams have been apparently misunderstood as some disbelievers have been received here announcing that architects were en route to this city.

The Mayor's telegram he said merely desired information. At a meeting of the State Board of Architecture in this city last night the declaration was made that outside architects were not needed and that Eastern members of the profession would find it difficult to maintain themselves here at this time. In Mr. Jennings' opinion there might possibly be a field here for Eastern architects at some later day but he suggested that they seek information first before coming West.

STEAMERS SAIL FROM SAN FRANCISCO.

SAN FRANCISCO, May 3.—Twenty steamers and schooners engaged in the coast trade either sail for or from San Francisco today. The Merchants Exchange reported shipping lively with the prospect of a big rush within the next few days.

The relatives of Captain McIntyre for many years master of the steamer South Portland are anxious about his safety. A rumor having gained currency that he was killed by a falling wall on the day of the earthquake.

SAN JOSE BANKS DOING QUIET BUSINESS.

SAN JOSE, Cal., May 3.—The banks are all doing a quiet business today. The High School and three other city schools will open next Monday. The High School occupying one of the grammar school buildings. The savings bank, the wrecked High School building will reach nearly \$15,000 in value.

The Superior courts will resume their sessions Friday.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For years many doctors pronounced it a local disease and prescribed local remedies and by constantly failing to cure with local treatment pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circular and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by druggists, 75c. Make Hall's Family Pills for constipation.

MASS OF STOLEN GOLD AND SILVER RECOVERED

SAN FRANCISCO, May 3.—A mass of gold and silver valued at \$3000, containing gold and silver articles melted by the fire in the store of Tai Sing, a Chinese merchant at Washington and Du Pont streets and which had disappeared from the ruins was recovered by the police yesterday afternoon. Lieutenant Jacob Schick of the Twenty-Second

USE OF HALL FOR LABOR COMMITTEE.

The following resolution was passed. Whereas the great conflagration which destroyed San Francisco has caused great loss to the County Central Committee of the Union Labor Party of San Francisco and wiped out their headquarters and records and scattered their organization far and wide, therefore be it

Resolved That the County Central Committee of the Union Labor Party of Alameda County hereby tenders to the San Francisco County Committee the use of our headquarters and any and all things pertaining thereto, that they may again establish themselves as the political power of San Francisco.

This is to certify that the above resolutions were unanimously adopted in regular meeting May 1, 1906.

A. S. ORMSBY, Chairman.
By CHAS. GILMARTIN, Secretary.

PLEASANTONS WIN A DOUBLE HEADER

Owing to a misunderstanding in dates, two baseball teams arrived at Pleasanton Sunday. Pleasanton showed its gameness by playing them both.

Pleasanton played the Niles team first and easily defeated them by the score of 13-3. Pleasanton battery, Harris and George, Niles battery, Rose and Richards.

The next team to meet defeat was the Irvington 13-4. Pleasanton battery, Walter and George, Irvington battery, Fly and Lewis.

Pleasanton would like to play any team averaging 16 years. Address all challenges to M. George, Pleasanton, Cal.

M. J. Keller Co.

The Store for Men

1157-1159 Washington Street

Now, see here ladies, let's look that \$15 tailored suit proposition squarely in the face

You know you need a moderately-priced suit. You can't afford to always wear your \$50 dresses. If you did you never would have anything really nice.

Now let us get right down to brass tacks on this \$15 suit proposition. We've been talking a whole lot about these suits and they're worth talking about.

Now how can we convince you of that fact?

In the first place, you say if they're such good value and we sell so many, why do we have to advertise them? Because we believe we can make more friends for the store by advertising truthfully the best values we have, rather than exaggerating upon values of lesser interest.

Then you question the styles. You say they must be undesirable styles or the price wouldn't be so low. We answer decidedly "No." It costs no more to cut a garment in style than otherwise. There is just as much cloth and work in the styles of last January as there are in the styles of April. We receive these suits every few days by express from the East, right fresh from the factory's machines.

Then you say "Well, you can bet no storekeeper is going to lose any money." They didn't cost Kahn's any \$15. True, they didn't cost us \$15. And we do make a little money on them, but listen, this is how we make it. Where we would ordinarily make, for example, \$4 on a suit, we make, say, \$1 on these. And we sell, say, 50 suits in a day at the \$1 profit. That's \$50 isn't it? And suppose we just offered an ordinary value at the \$4 profit. How many would we sell? Maybe 5 a day.

There's the difference. It's the quantity that makes us the profit.

Then you object because you don't want to wear a dress everybody else is wearing. That's a good objection, but remember, there are dozens of styles and at least 5 or 6 different factories represented. There may be one woman whom you never saw or never will see, who has a dress like yours. So don't fear.

Now, ladies, we want to say to you that these suits are splendid garments. They're stylish, well made, of good materials, and in all colors. They're new—remember that—and they fit beautifully.

To us they look to be worth from \$25 to \$30. But of course you'll have to decide that.

Now come in and see them.

The Always Busy Store
Twelfth Towards Washington, Oakland

DO NOT AGREE WITH NEWLANDS

WASHINGTON, May 8.—That the California Senators do not consider that there should at present be an effort to secure government aid in the general reconstruction of the city of San Francisco was made evident in the Senate yesterday.

The question came up on Mr. Newlands' resolution directing the Finance Committee of the Senate and the Ways and Means Committee of the House to consider the feasibility of the government's guaranteeing bonds to aid in the rehabilitation of the stricken city. The Nevada Senator discussed the resolution at some length, contending for the regularity of his suggestion and enlarging upon the desirability of making the city a more attractive center of population than it had ever been.

Both Mr. Flint and Mr. Perkins deprecated the introduction of the resolution as unwise at this time and both expressed their opinion that the California delegation should have been consulted before the presentation of the measure.

The resolution was referred to the Committee on Finance.

CHARLES C. PETAR
CALLED BY DEATH.

The many friends of Charles C. Petar, the twenty-five-year-old son of Mrs. C. V. Petar, will be grieved to learn that he passed away this morning at his mother's residence after a long illness succeeding an operation. Mr. Petar was a native son of Oakland and had endeavored himself by his ability and manliness to all who knew him. He was employed for several years as an operator by the Chinn-Beretta Company, from where he was called to Los Angeles to engage in the same work. He leaves surviving him a widowed mother, two sisters, Sylvia and Vivian, and a brother, Edward. He was the son of the late C. C. Petar, of the firm of Petar & Dresco, who were among the pioneer Oakland merchants. Funeral arrangements have not yet been made.

LADIES' MISSIONARY
SOCIETY ASSEMBLES.

BERKELEY, May 8.—The Ladies' Missionary Society of the North Berkeley Congregational Church met this afternoon at 2:30 o'clock for its regular meeting.

The subject of the afternoon's talk was "Alaska." Papers treating of the life of the Alaskan Indians, their beliefs and traditions, were also read. The missionary work among the native tribes was discussed.

The guest of the afternoon was Mrs. E. Gulick, a woman who has done extensive work in the Orient among the Japanese. She told of the work among the people of that land.

WOMAN FALLS FROM
ELECTRIC CAR.

Mrs. A. Bagutz, of 215 Alameda avenue, Alameda, fell from an electric car on Washington street yesterday, and was treated at the Receiving Hospital for a wound in the head as the result. She was able to go home with her little girl.

ELLEFFORD AT THE MACDONOUGH

The Macdonough Theater will open a special summer popular priced dramatic season on Monday, May 7th, presenting the popular Ellefford Company. This attraction has played two remarkably successful engagements at this theater and have won a name for giving perfect performances at a low price of admission. The bill selected for the week of May 7th is Mark Twain's clever comedy melodrama, "The Princess of Patches," a story of the South. The location gives a chance for some clever scenic effects. The company is composed of people selected for their fitness for the various roles. A feature that will please is the vaudeville offerings between acts, making a big double performance. Seats now on sale.

MACDONOUGH THEATER OPENING.

The International Road Show will open at the Macdonough Theater next Saturday and will play both Saturday and Sunday nights, with a matinee each day. This company has ten great feature acts and popular prices will prevail.

Piles Quickly
Cured at Home

Instant Relief, Permanent Cure—Trial Package Mailed Free to All in Plain Wrapper.

Piles is a fearful disease, but easy to cure if you go at it right. An operation with the knife is dangerous, cruel and rarely a permanent success.

There is just one other sure way to be cured—painless, safe and in the privacy of your own home—it is Pynchon's Pile Cure.

We mail a trial package free to all who write. It will give you instant relief, show you the harmless, painless nature of this great remedy and start you well on the way toward a perfect cure. Then you can get a full-sized box from any druggist for 50 cents, and often one box cures.

If the druggist tries to sell you something just as good, it is because he makes more money on the substitute.

Insist on having what you call for. The cure begins at once and continues rapidly until it is complete and permanent.

You can go right ahead with your work and be easy and comfortable all the time. It is well worthy trying. Just send your name and address to Pynchon Drug Co., 2470 Pyramid Building, Marshall, Mich., and receive free by return mail the trial package in a plain wrapper.

Thousands have been cured in this easy, painless and inexpensive way, in the privacy of their homes. No knife and its torture. No doctor and his bills. All druggists, 50 cents. Write today for a trial package.

MARYSVILLE IS FREE GIVER

MARYSVILLE, May 8.—Marysville and Yuba county have contributed more than \$10,000 to the relief of the sufferers at San Francisco and the amount is being increased daily. Several carloads of food, clothing and bedding have been sent from here and hundreds of refugees have been fed and housed on trains here. There are a great many refugees being cared for in this city and many of them have found employment.

A committee goes to the Oregon train every morning and distributes surplus bottles filled with fresh milk to the babies of the refugees who are in need, and Mrs. Mary Swain, a trained nurse, redresses the wounds of any who appear to require her services.

PRESENTS THEORY
ANCIENT EARTHQUAKES.

OAKLAND, April 30, 1906.

Editor TRIBUNE.—Dear Sir: Many people have many theories to account for the destructive shocks of earthquakes. Some scientists maintain that they are caused by the shrinking of the earth's surface, but while some are scientists, I have been a very close observer of some of the apparently capricious actions of the forces at work and seem to me that the mere shrinking of the earth's surface cannot account for many of the phenomena presented.

For instance, how very many cases a building may be destroyed, or badly damaged, while the one alongside, and of precisely the same construction, remains unharmed. My theory, without assuming any knowledge on the subject of the earth's surface, is that there is a very subtle and powerful dynamic force in some cases generated in some respects like electricity, but yet more subtle and more powerful. This dynamic force travels with and is accompanied by the earthquake.

It seems to have the power of entering solid substances and ripping or tearing them apart with desperate force, and in some cases it is so powerful that it causes a severe blow here and leaving places immediately adjacent entirely unharmed. This terrible force travels in waves, and each nucleus being possessed with the power of acting independent of the other.

Whether this dynamic force is generated and sent on its terribly destructive course by the settling and shrinking of the earth's surface is a most doubtful question. Who can settle it?

WM. F. CURTIS.

EMPLOYMENT BUREAU
CHANGES LOCATION.

The free employment bureau for women, in charge of the Oakland Relief Committee, has changed its headquarters from the Masonic Temple to the Starr King rooms on Fourteenth and Castro streets.

Extensive repairs at the temple necessitated the change. Over 1100 refugees were sheltered last night at the Hearst Tent City on Adams point, including families from Alameda Park and other camps now closing their temporary relief work.

The city is a busy place, where every capable man is at work and the women and children are well cared for. The city is designed especially for families, although comfortable quarters will soon be established for the men.

The reading room and women's quarters are also in course of construction, and the hospitals are already well equipped.

The city will soon be under complete government with electric lights and other modern conveniences kept up by the police and the future of the city seems to be well assured.

Supplies are coming in daily, and the only necessity is more blankets and coverings.

We can accommodate numberless people if they bring blankets, says John King, in charge of the camp.

CLUB WOMEN ARE
SENT AN APPEAL.

ALAMEDA, May 8.—The following notice to members of the Alameda Adelphean Club has been sent out by the secretary:

"It having been found exceedingly difficult to gather any large number of Adelphean ladies together for practical relief work, owing to the fact that most of the members are heads of households and their time is taken up with the daily routine of their household duties, the president of the club desires to call the attention of the Adelpheans to the feasibility of individual effort."

At each Adelphean will so plan the affairs of herself and household she can, at odd moments, make up infants' wardrobes, children's clothing and nurses' outfits. Afterwards these bundles can be sent to the chairman of the Adelphean Relief Committee, Mrs. F. C. Siegfried, 2044 Alameda avenue, or to the chairman of the sewing committee, Mrs. E. J. Dodge, 2001 Alameda avenue.

The chairman of the two committees will see that the clothing is properly distributed.

ADVANCE DATE
OF WEDDING.

A very interesting, quiet, family wedding occurred on May 1st at "The Home," 692 East Twelfth street, in this city. The contracting parties were Joseph Pearce and Mrs. Lizzie T. Hunt. The officiating clergyman was Rev. George Morris.

The spacious parlor was artistically decorated with pink and white carnations, orange blossoms and white. After the ceremony the happy bride and groom departed, amid a shower of rice, on a brief wedding tour.

The event partook of the character of a surprise, as members of the family circle and their friends could not be here at a later date which had been selected. One of these was a sister of the bride, Mrs. M. A. Thompson Mac-

STOP, WOMAN!

AND CONSIDER
THE ALL-
IMPORTANT FACT

That in addressing Mrs. Pinkham you are confiding your private life to a woman whose experience with women's diseases covers a great many years. Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, and for many years under her direction, and since her decease she has been advising sick women free of charge.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probable examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice.

When a medicine has been successful in restoring to health so many women, you cannot well say, without trying it, "I do not believe it will help me."

Kenzie, now visiting her former home in this city.

NEW PLUMBING ORDINANCE.

BERKELEY, May 8.—The new plumbing ordinance passed by the Board of Trustees some weeks ago will be put in force immediately. The new ordinance requires all plumbers to register with the Town Clerk and also put up a bond of \$500. This bond ensures the plumbing by members of the trade in Berkeley.

Oakland Tribune

W. E. DARGIE, President.

Business Office and Publishing House, 413-417 Eighth St., Oakland.

What the Oakland Bankers Have Done.

One of the most encouraging and inspiring things developed by the visitation of misfortune is the esprit displayed by the bankers. The banks of Oakland made common cause for the maintenance of public confidence, and found themselves in the unusual attitude of supporting the financial equilibrium of San Francisco. The banks of San Francisco are officered by shrewd and successful financiers, veterans in the banking business, who have exhibited courage, resolution and resource, but the bankers of Oakland proved themselves fully equal to the occasion when the opportunity came to show their mettle. They promptly prepared themselves for every emergency, provided for every contingency, and in less than a week after the calamity which severed the financial arteries of the State, were in a position to defy every consequence of the calamity. More than that, they proved themselves able to extend assistance to the financiers of the metropolis. It is no small matter of pride that the banks of Oakland have shown themselves to be bulwarks of financial integrity in this exigency, and have demonstrated their capacity to deal with the greater monetary problems arising from temporary collapse of industrial and commercial activity and the complete dislocation of the financial system of the State. The speedy resumption of business on this side the bay is in a large measure due to the large grasp and foresight exhibited by the bankers of Oakland. This is not only worth remembering, but it is something that carries a lesson to every resident of this city. It is a demonstration of financial strength and independence which speaks of the great future in store for Oakland.

An Associated Press Triumph.

The completeness and accuracy of the reports sent out by the Associated Press of the fire and earthquake in San Francisco were extraordinary under the circumstances. In this instance the Associated Press has again demonstrated in the face of extreme difficulties that it can always be depended on to gather and send out the first and most reliable news regarding important events. The derangement of the telegraph system across the bay early compelled the manager of the Associated Press to depend upon the Oakland office for the transmission of news. His office and headquarters were swept away by the flames, but Mr. Cowles promptly arranged for temporary accommodations in THE TRIBUNE office, and went on with the business of gathering and sending out news with the method and precision for which his great organization is noted.

With a corps of twenty-eight trained assistants he kept in touch with all that was going on and kept the outside world as fully informed of what was transpiring out here as the overworked and imperfect telegraph service would permit. When compared in the light of later and more certain information it will be seen that the reports of the Associated Press were incomparably superior in point of fullness, accuracy and coherency to those transmitted by the special correspondents. Which only proves that discipline, organization and skillful management must of necessity surpass the best of independent efforts.

SAN FRANCISCO'S SUBSTITUTES.

The Los Angeles newspapers are urging that the City of Angels is the legitimate successor to the business and the position of San Francisco as the metropolis of the western coast. It would seem as though the Los Angelenos are a little premature in advancing their claims. They appear to be in the position of that man who attempted to seize another man's shoes without first ascertaining that the previous owner had been accommodating enough to become a corpse.

There is no reason to believe that any city along the entire coast will succeed to the prominence or commanding position possessed formerly by San Francisco and to be possessed again by her. All of the advantages of site and of harbor that created the city at first still remain upon which to found another city that will become as commercially important as was the city before the recent disaster. San Francisco is logically the commercial gateway to the Orient and there is no evidence that the people in control of the great transcontinental lines or who own the many lines of steamers that connect at that port have lost any faith in San Francisco's future. Their representatives are on the ground and are making every effort to arrange their affairs so that business can be resumed as soon as possible. There is no danger even that any of the regular business will be diverted more than temporarily from the bay cities. Oakland is preparing to handle a large volume of business, and so with but slight inconvenience the traffic and business will be accomplished on the eastern side of the bay until the grand new city has again sprung into being.

San Francisco will be a greater city than before and in the course of events Oakland will be larger and better than ever. The opportunity has come for the latter city to show that it is possible to transact a great shipping, mercantile and manufacturing business there and this proof will result in many establishments locating at Oakland. But the transfer of these industries to the eastern side of the bay will not affect San Francisco's future, but will tend to help Oakland and San Francisco equally, because new blood and new money is ready to be injected into the business life of both cities and the old blood is proving that they are equal to all emergencies themselves. The widening of the investment field to Oakland invites more capital and presents more opportunities.

Considering all things, it might be just as well for Los Angeles to cease dreaming of profiting through San Francisco's disaster.—Grass Valley Union.

A sapient contemporary makes this statement: "The present saloon license is \$400 a year. There are 291 saloons in Oakland. At this rate these saloons yield a revenue of \$116,400 to the city. If the license were raised to \$1000 a year and the number of saloons reduced to 174 the revenue would be the same as it is now." According to the primary arithmetic taught in the public schools, 174 saloons paying a license of \$1000 a year would pay into the city treasury \$174,000—a considerable advance over the present revenue of \$116,400 a year. However, large-minded financiers cannot be expected to bother about trifling discrepancies of no greater amount than \$57,600.

We are also told that "an insistent demand may double or triple the ordinary price of the thing demanded, but there can be no demand that justifies an increase aggregating 200 or 300 per cent." The difference between double or triple and 200 or 300 per cent is hardly perceptible to the person of common mould, but it is perhaps visible to the eye of genius. Still, there are those who consider doubling the ordinary price merely making the Dutchman's one per cent.

Pardee Asked No Opinions.

A few days ago THE TRIBUNE editorially criticized several members of the Legislature for declining to express an opinion as to the advisability of calling an extra session. In some quarters the article has been misunderstood, or rather construed as reflecting the feelings of Governor Pardee.

Such is not the fact. The Governor did not prompt the article, of which he was entirely ignorant until he read it in the paper. He has no complaint to make against anybody; indeed, he deprecated the criticism on the ground that it was taking members of the Legislature to task rather harshly, and, as he deemed, unnecessarily.

In this the executive differs with the management of THE TRIBUNE, but it is only fair to state that he is in no wise responsible for what appears in the columns of this paper. The Governor never requested members of the Legislature to give him their views with respect to calling an extra session. Senator Ralston sent out the inquiries with the knowledge of Governor Pardee, but not at his instigation, and hence the replies were neither addressed to the executive nor intended as advice given at his request.

Senator Ralston was anxious to have an extra session called at once, but the Governor was of the opinion that the matter should be more carefully considered in the light of better knowledge. So the Senator sent out the inquiries in order to test the sentiment and views of the Senators and Assemblymen. But the Governor had nothing to do with this action.

We are still of the opinion, however, that the legislators should have frankly and fairly stated their views (as the great majority of them did) regarding a matter of such grave importance, and not send in noncommittal and inconsequential replies. Both the Governor and the public were entitled to know what every member of the Legislature thought of the proposition.

One Blessing From the Fire.

An all-devouring fire in a great city is not an unmixed calamity. If it sweeps away things of beauty and value, stately edifices, lofty spires, artistic fanes and the countless adornments of opulence and taste, it also devours the rubbish and the unsightly accretions of urban life, wretched hovels, and filthy tenements. The holocaust which levels the mansions of the rich and the palaces of commerce and luxury also purifies and cleanses. The abodes of vice and crime, the purlieus of squalor and wretchedness, the nests of vagabonds and degenerates, and the ancient dilapidated structures which mar the municipal ensemble and breed danger and disease, likewise wither under the breath of the flames.

San Francisco has lost some things that she is blessed in losing—Chinatown, the decrepit wood shacks which lined the water front, the vast huddle of dirty, unkempt wooden tenements south of Market street, the squalid hives fringing and crowning Telegraph Hill. The fine buildings destroyed will be rebuilt, but the slums and dens of iniquity will never again exist where they once stood. The city has been purified as well as ravaged by the fire.

It was the worthless and evil of San Francisco that fed the conflagration till nothing could stand before it, the mass of old battered wooden building lying between the harbor front and the modern city. These constituted a perpetual menace from fire. They kept up the rates of fire insurance, and rendered futile the skill of architects and the bravery of firemen. They perched on the city's breast like a swarm of stinking vultures. They oppressed the moral atmosphere and checked the hand of improvement. They compelled extra police vigilance and created anxiety for the public health. They stank and festered and defied decency and enterprise, interposing barriers to artistic adornment and municipal development.

Well, they are gone. And the fire which swept them away has cleared and cleansed their sites of every noxious vestige of their presence. In a few years the places where they once stood will be occupied by elegant, clean, modern buildings that will ornament the city and enhance the value of property. A perpetual danger of fire and pestilence has been removed forever, and this is no small blessing to be charged up in compensation for the universal destruction.

Richmond Pearson, Hobson of Merrimac fame has defeated John H. Bankhead in the Alabama Democratic primaries, and will therefore succeed in Congress an able and effective legislator who has represented the Third Alabama District for twenty consecutive years. The voters of the Third Alabama District may know what they are about, but we doubt it. They have turned down age, experience and tried capacity for a young man who has not impressed the country as being particularly wise or well balanced. Mr. Hobson grew too bumptious, extravagant and self-laudatory under public lionization to commend himself to thoughtful people as possessing statesmanlike quality.

While the San Franciscans are complaining that some Oaklanders have advanced rents from 100 to 300 per cent, the thrifty real estate owners on Fillmore, California and Sutter streets have put rents up 500 and 600 per cent. Which shows that the disposition to exact all the traffic will bear is not confined to this side of the bay.

VAGABONDA.

Sunshine and blue sky,
And an open road to follow
An endless road that wanders by,
O'er wooded hill or hollow,
Will to fare and heart to dare,
We roam the wild world over,
Hurrah for the tramp, and the roadside camp,
And the empire of the rover.

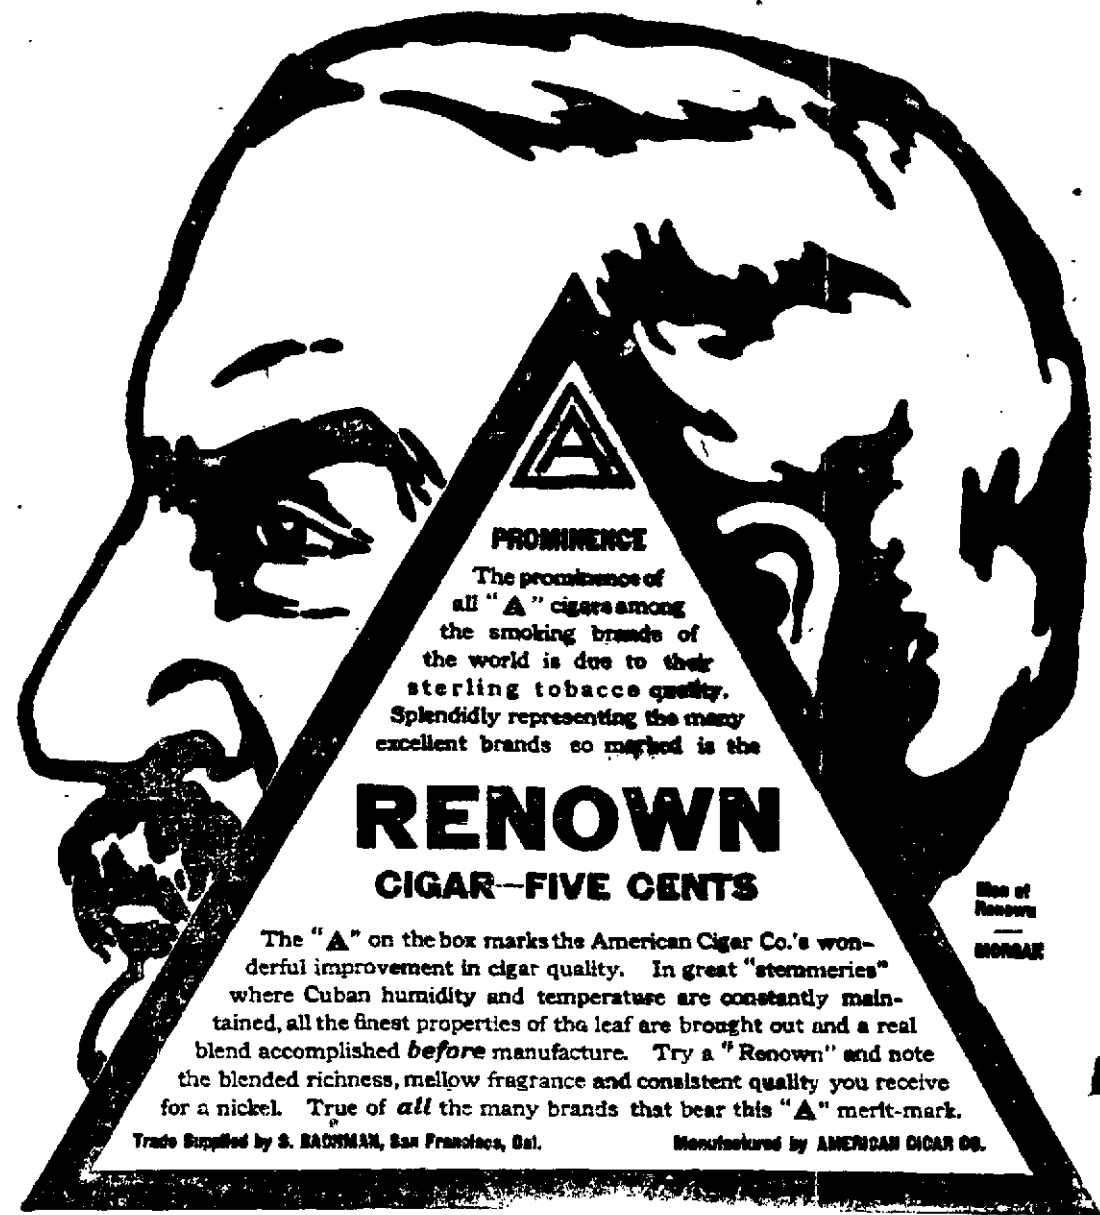

Ho for the road that leads away
From the prison gates o' pride!
And sing a song for hopes gone wrong
And the little love—that died.
A toast to the life of the open road,
The life that is free from toil—
And the tribute won 'twixt sun and sun
From bondslaves of the soil!

The road is clear of hope and fear.
O dreams of pomp and power.
We live and laugh, and the nectar quaff
Of pleasure's present hour.
Snow and rain? But passing pain.
Franks of the kindly weather;
Rough comrades, they; on the far, free way,
We roam the world together.

—St. Louis Globe-Democrat.

Thin Blood

Experience count anything with you? Then what do you think of 60 years' experience with Ayer's Sarsaparilla! Sixty years of curing thin blood, weak nerves, general debility! We wish you would ask your own doctor about this. Ask him to tell you honestly what he thinks it will do for your case. Then do precisely as he says.

PROMINENCE
The prominence of all "A" cigars among the smoking brands of the world is due to their sterling tobacco quality. Splendidly representing the many excellent brands so marked is the

RENOWN
CIGAR—FIVE CENTS

The "A" on the box marks the American Cigar Co.'s wonderful improvement in cigar quality. In great "sterometrics" where Cuban humidity and temperature are constantly maintained, all the finest properties of the leaf are brought out and a real blend accomplished before manufacture. Try a "Renown" and note the blended richness, mellow fragrance and consistent quality you receive for a nickel. True of all the many brands that bear this "A" merit-mark.

Trade Supplied by S. RACHMAN, San Francisco, Cal. Manufactured by AMERICAN CIGAR CO.

POND'S EXTRACT
THE OLD FAMILY DOCTOR

BABY'S TENDER GUMS

Pond's Extract keeps baby's tender gums in perfect health and comfort during the painful teething period, quickly soothing and subduing the inflamed condition.

Hardens the gums, prevents their bleeding, cures canker spots and sore mouth, removes bad taste and makes an excellent mouth wash for old or young. Removes inflammation, internal and external.

Watch Hazel is not the same thing. On analysis of seventy samples of Watch Hazel—often offered as "the same thing"—fifty-two were shown to contain wood alcohol or formaldehyde or both. To avoid danger of poisoning use

Golden State Limited

Only one train of that name.
It's a better train than you have used to Kansas City, St. Louis and Chicago.
We have spent thousands of dollars in perfecting the service.
And now we spend more to tell you about it.
But we know that you'll appreciate it upon trial—for thousands have done so before you.
And many of them have testified, verbally and in writing, as to its merits.
Let us send you an illustrated booklet in colors that tells all about it.
Let us reserve space in the train for you NOW if you plan to go East shortly.
